George Saintsbury, 1924 **Engaged Spirituality** Gregory C. Stanczak, 2006 In *Engaged Spirituality* Gregory C Stanczak challenges this assumption arguing that spirituality plays an important social role as well Based on more than one hundred interviews with individuals of diverse faith traditions the book shows how prayer meditation and ritual provide foundations for activism Among the stories a Buddhist monk in Los Angeles intimately describes the

physical sensations of strength and compassion that sweep her body when she recites the Buddha's name in times of selfless service and a Protestant reverend explains how the calm serenity that she feels during retreats allows her to direct her multi-service agency in San Francisco to creative successes that were previously unimaginable. In an age when Madonna studies Kabbalah and the internet is bringing Buddhism to the white middle class, it is clear that formal religious affiliations are no longer enough. Stanczak's critical examination of spirituality provides us with a way of discussing the factors that impel individuals into social activism and forces us to rethink the question of how religion and spirituality might be defined. *The Christian Student* Bp. Hollywood and the Great Depression Iwan Morgan, 2016-10-27. Examines how Hollywood responded to and reflected the political and social changes that America experienced during the 1930s. In the popular imagination, 1930s Hollywood was a dream factory producing escapist movies to distract the American people from the greatest economic crisis in their nation's history. But while many films of the period conform to this stereotype, there were a significant number that promoted a message either explicitly or implicitly in support of the political, social, and economic change broadly associated with President Franklin D. Roosevelt's New Deal programme. At the same time, Hollywood was in the forefront of challenging traditional gender roles both in terms of movie representations of women and the role of women within the studio system. With case studies of actors like Shirley Temple, Cary Grant, and Fred Astaire, as well as a selection of films that reflect politics and society in the Depression decade, this fascinating book examines how the challenges of the Great Depression impacted on Hollywood and how it responded to them. Topics covered include: How Hollywood offered positive representations of working women; Congressional investigations of big studio monopolization over movie distribution; How three different types of musical genres related in different ways to the Great Depression: the Warner Bros. Great Depression Musicals of 1933, the Astaire Rogers movies, and the MGM kid musicals of the late 1930s; The problems of independent production exemplified in King Vidor's *Our Daily Bread*; Cary Grant's success in developing a debonair screen persona amid Depression conditions; Contributors: Harvey G.
