The Global Crosswinds Of Change Robert A. Simpkins, Robert A. Simpkins and Behnaz S. Paknejad, 2009-10-15      **The Global Crosswinds of Change** Robert A. Simpkins, Behnaz S. Paknejad, 2009 The World Likes Change It excites the curiosities stimulates the mind and challenges the human spirit It can though bring immense and sometimes fatal challenges to large and small organizations alike by altering the perception that any one person or groups of persons places on the value of an organization Do you understand the change cycle both visible effects and hard to see causes Better yet do you understand how to apply change management thinking to mitigate its negative effects and leverage its positive ones Taking the reader through the five stages of a change cycle including Start up Growth Balance Chaos and Decline the authors dissect the causes and effects as well as what needs to be done to re invent the organization The knowledge in this book can be applied to private enterprise government agencies not for profits and military organizations It can even be applied to the reader s own professional growth This outstanding book written by two of the best internationally known organizational writers and advisors breaks it all down for you giving you and your organization the ability to succeed today and the power to predict tomorrow

**The Cultures in the Cubicles** Robert A. Simpkins & Behnaz S. Paknejad, 2010-01-12 In today s global reality of ever changing cultural values any organization must move proactively and aggressively into customizing its international operation If it doesn t modify the organization s structure and processes to stay aligned with cultural values norms and trends occurring in the global expansion environment the consequences can be disastrous Redesigning an operational model for global success is easy Redesigning it the right way is a lot more challenging It takes the application of thoughtful research creative thinking and intelligent analysis Additionally it takes a flexible and global mind set You must throw away all false beliefs biases prejudices or assumptions that you and your organization possess finding and strategically planning on a foundation of realistic and measurable knowledge All the information you need is readily available it s just a matter of locating linking and trending the data for future success This outstanding book written by two of the world s most renowned writers speakers and organizational advisors breaks it all down for you giving you and your organization the ability to succeed today and the power to predict cultural trends for tomorrow in the global environment
