The Survey of Best Practices in Developing Online Information Literacy Tutorials 06/2013 Primary Research Group,2013 The Survey of Best Practices in Developing Online Information Literacy Tutorials is a benchmarking report for online tutorial development presenting a wealth of information on the practices involved in and the cost of developing online information literacy tutorials The 285 page report also looks at how tutorials are marketed and accessed and at popular access points such as Facebook the library website and others as well as how tutorials are used in for credit classes and more ad hoc use The study looks at how tutorial designers are trained and at how they inter relate to non library departments and other departments of the library The study also looks at the use of tutorials of other colleges and vendor produced tutorials and at efforts to evaluate how students use tutorials and how colleges should make

decisions on what kinds of tutorials to produce and how to best produce them The questionnaire for the report was largely developed by librarians at the University of Arizona libraries

Engaging Social Media in China Guobin Yang, Wei Wang, 2021-05-01 Introducing the concept of state sponsored platformization this volume shows the complexity behind the central role the party state plays in shaping social media platforms The party state increasingly penetrates commercial social media while aspiring to turn its own media agencies into platforms Yet state sponsored platformization does not necessarily produce the Chinese Communist Party's desired outcomes Citizens continue to appropriate social media for creative public engagement at the same time that more people are managing their online settings to reduce or refuse connection inducing new forms of crafted resistance to hyper social media connectivity The wide ranging essays presented here explore the mobile radio service Ximalaya FM Alibaba's evolution into a multi platform ecosystem livestreaming platforms in the United States and China the role of Twitter in Trump's North Korea diplomacy user generated content in the news media the emergence of new social agents mediating between state and society social media art projects Chinese and US scientists use of social media and reluctance to engage with WeChat Ultimately readers will find that the ten chapters in this volume contribute significant new research and insights to the fast growing scholarship on social media in China at a time when online communication is increasingly constrained by international struggles over political control and privacy issues

Using Facebook Kent Joshi, Scott Morley, Patrice-Anne Rutledge, Paul Bicknell, 2011 A guide to using the online social network provides information on creating a profile communicating with friends using Facebook applications and using Facebook to promote projects and businesses
