Up to Their Necks - the Story of a National Serviceman Joe P.

Plant,2012-12 The beginning of the Cold War began within days of the end of the Second World War yet conscription still continued to replace the demobilisation of the existing armed forces still serving in war torn Europe the middle and Far East territories of the British Empire Who better to replace them than over two million eligible eighteen year old young men who were thoroughly enjoying their freedom until a brown envelope fluttered through the letterbox informing YOU RE CONSCRIPTED LADDIE This is a factual and personal story about the camaraderie that quickly developed among many during their enforced National Service They did not want to do it but I am sure that they like me had some great times apart from the shit that was dished out I sincerely trust that the chapters within my story do relate to similar incidents albeit under different circumstances that occurred to thousands of others For all of us it was a period of you had to do it No ifs or buts and for many that did enjoy that way of life and did re enlist good luck to them Nevertheless I can honestly say that I now look back with pride that I became one of the millions of young conscripts who did survive to tell the tale

**The Apology the United States Owes the Vietnam Veterans** Raymond C. Christian,2019-07-16 The hottest war

zone this country has ever been in was being fought by eighteen and nineteen year boys you can call them men if you want Since I was once a soldier and later an officer I must point out the facts of being a teenager and being a man Most of them enlisted and many were drafted to go fight the war in Vietnam While the United States of America was being defended planes began to return to the states loaded down with the bodies of these young eighteen and nineteen year old soldiers in body bags If you are not knowledgeable about the Institute of Medicine IOM You would think it is the Veterans Administration VA fault why the Vietnam Veterans have not gotten their benefits I would advise you to continue reading Then I want you to ask the question why nongovernmental researchers are being hired to do the research on Agent Orange I also want you to know the Institute of Medicine IOM is no longer under the same name They have the same function but a new name called the

Health Medicine Division which is also nongovernmental As concerned citizens we must ask the question of why nongovernmental agencies are being allowed to research Agent Orange I am certain the results will not shock you as to why the VA is not able to advance the Vietnam Veterans benefits because they are receiving their reports from the HMD stating there is no correlation with Agent Orange to the sickness the Vietnam Veterans have The VA gets these reports every two years Another well kept secret is the number of agents used in Vietnam While many of you think there was just Agent Orange My research shows it was a total of six different agents used

**Matter** Organisation for Economic Co-operation and Development, 1998 The benefits of open markets are tangible In the last decade countries that have been more open to trade and investment have achieved double the average annual growth of more closed economies More individuals firms and nations than ever before depend on the gains from trade and investment liberalisation Yet anxiety about the effects of greater market integration remains It is essential for long term world prosperity that countries commitment to trade and investment liberalisation be sustained To be credible that commitment must be rooted in and enjoy broad public support and understanding This makes it all the more important to communicate what trade and investment liberalisation can and cannot do and be held responsible for Trade and investment liberalisation is not painless It should not be viewed as a cure all nor presented as an end in itself It is however an essential component of any coherent set of policies aimed at helping societies adjust to and take advantage of technology driven transformations whose pace and depth are unprecedented The stakes are high This book examines the various channels through which open markets deliver considerable benefits to societies and their citizens recalls the real pocket book costs of protectionism and addresses the full range of concerns that feature prominently in ongoing discussions over the effects of market liberalisation on employment income distribution environmental protection and national sovereignty A central message of this book is that liberalisation forms part of the solution to the concerns of citizens rather than being their root cause The book's comprehensive treatment of the ins and outs of trade and investment liberalisation should make an important contribution to the public debate It is essential reading for public officials business leaders and private citizens who wish to take an active part in it

*The Fall of the House of FIFA* David Conn, 2017-06-20 In 2015 FIFA the multibillion dollar governing body of the world's most loved sport was brought down by allegations of industrial scale bribes kickbacks money laundering racketeering and tax evasion Beginning with early morning raids in Zurich and the indictment of twenty seven executives by the US Department of Justice the rottenness at the core of FIFA seemed to extend throughout all of soccer from the decision to send the 2018 and 2022 World Cups to Russia and Qatar to lesser known cases of embezzlement from Trinidad to South Africa David Conn writes the definitive account of FIFA's rise and fall covering in great detail the corruption allegations and the

series of scandals that continued to shake the public's trust in the organization. The Fall of the House of FIFA situates FIFA's unraveling amidst revealing human portraits of soccer legends such as Michel Platini and Franz Beckenbauer and features an exclusive interview with former president Sepp Blatter. Even as he chronicles the biggest sport scandal of all time, Conn infuses the book with a passionate love of the game, delivering an irresistible read.
