Perspectives and Trends in Education and Technology João Vidal Carvalho, António Abreu, Eusébio Ferreira da Costa, Enrique Vázquez-Justo, Hernán Viguera Figueroa, 2024-11-29. This book from the LNNS Series is composed of the best selected papers accepted for presentation and discussion at the 2024 International Conference in Information Technology Education ICITED 24. The ICITED is a multidisciplinary conference with a special focus on new Technologies and Systems in the Education sector and was held between July 11 and 13 2024. The ICITED 24 was supported by the Pernambuco University Recife Brazil and by IADITI International Association for Digital Transformation and Technological Innovation. The International Conference in Information Technology Education is an international forum for researchers and professionals in the education sector which enables the discussion of the latest innovations trends and concerns in several areas in the education sector associated with information technologies and systems. It is an event for professionals in the sector in search of technology solutions where academics IT experts and business managers meet to discuss new ideas that help them maximize the potential of learning processes through technology. The ICITED 24 Scientific Committee is composed of a multidisciplinary group of 143 experts who assessed some 262 papers from 26 countries received for each of the main topics proposed for the conference. The papers accepted for presentation and discussion at the conference are published by Springer and will be submitted for indexing by ISI SCOPUS, EI Compendex, Google Scholar and SpringerLink. Resources in Education, 1992-10. *Physical Education, Health and Education Innovation* Jorge Carlos-Vivas, Noelia Belando Pedreño, Manuel Gómez-López, Paulo Jorge Martins, David Manzano Sánchez, 2024-10-10. Today's society demands to train children and adolescents who develop in an environment based on respect and the promotion of educational values. This aspect is especially relevant to promoting physical activity and its relationship with healthy habits such as the consumption of unprocessed foods, the reduction of a sedentary lifestyle and the improvement of adherence to sports. In this sense, the World Health Organization warns that the current rates of overweight and obesity are very high and that we must combat them. From formal education you can help improve healthy habits with educational programs and especially in Physical Education a subject where the work of physical, social and cognitive well-being has special relevance. Since the 20th century studies and research that have aimed to combat unhealthy habits in educational centres and sports schools have increased. Not only by promoting physical activity within the school but above all by seeking to generate adherence towards the future of students and athletes.
