Alworth, 2018-11-20 Site Reading offers a new method of literary and cultural interpretation and a new theory of narrative setting by examining five sites supermarkets dumps roads ruins and asylums that have been crucial to American literature and visual art since the mid twentieth century Against the traditional understanding of setting as a static background for narrative action and character development David Alworth argues that sites figure in novels as social agents Engaging a wide range of social and cultural theorists especially Bruno Latour and Erving Goffman Site Reading examines how the literary figuration of real material environments reorients our sense of social relations To read the sites of fiction Alworth demonstrates is to reveal literature as a profound sociological resource one that simultaneously models and theorizes collective life Each chapter identifies a particular site as a point of contact for writers and artists the supermarket for Don DeLillo and Andy Warhol the dump for William Burroughs and Mierle Laderman Ukeles the road for Jack Kerouac Joan Didion and John Chamberlain the ruin for Thomas Pynchon and Robert Smithson and the asylum for Ralph Ellison Gordon Parks and Jeff Wall and shows how this site mediates complex interactions among humans and nonhumans The result is an interdisciplinary study of American culture that brings together literature visual art and social theory to develop a new sociology of literature that emphasizes the sociology in literature **Catalog of Recorded Books** Recording for the Blind, 1966 **Parody** Robert Chambers, 2010 Parody *The Art That Plays with Art* explodes the near universal belief that parody is a copycat genre or that it consists of a collection of trivial and derivative forms Parody is revealed as an *ber* technique a principal source of innovation and invention in the arts The technique is defined in terms of three major variations that bang bind and blend artistic conventions into contrasting pairings the results of which are upheavals of existing conventions and the formation of unexpected and sometimes startling and revolutionary new configurations Parodic art fashions a galaxy of contrasts and from these stem an illusionistic sense of multiplicity and an array of divergent meanings and interpretive paths This book an extreme departure from existing analyses of parody is nonetheless highly accessible and will be of major interest not only to scholars but to general readers and to professional writers as well Parody *The Art That Plays with Art* is particularly suited for readers interested in modernism postmodernism meta art criticism satire and irony [Dictionary Catalog of the Research Libraries](#)
