**Wiccan Spells** Lisa Spell,2020-01-09 Do you want to start practicing magic spells to improve your life condition Not sure how to begin Then keep on reading Wiccan Spells Wicca despite not being restricted only to witchcraft is still known for its ambition to work within the natural order to create change to improve life and to impact the Universe through magic Wiccan Magick however is different to the kind of magic you have seen in movies and read about in books Other than the addition of a k the most notable difference is that the magic of real life the kind of magic that practitioners of Wicca attempt to use does not spark and flare it does not explode nor does the tip of their wands or flesh of their palms sparkle with a bright white orange or yellow glow Wiccan Magick is not supernatural by any means unlike the magic you have heard of It is entirely natural Part of the natural order of the universe And it operates at a level that is difficult to perceive at times but which can be seen all around you when you are attuned to the order within the world All that glitters is not gold and Wiccan Magick is barely perceptible except to those that know its ways Within this book we will go over some of the more important rituals as well as some of the most useful spells within Wicca but by no means will we be covering the entire spell book In fact no one could because new spells are being created every day As we discussed before Wicca is a very personalized religion and so is the process of casting spells The exact wordage used in this book can be adopted but the most powerful spells are those that are created by you with your own words Only you know what is most powerful to you and it is by harnessing your own inner power that the Magick is able to work There are several important tools and certain knowledge that you will need to put the spells listed below to good use Do not worry we ll cover it all in the book When you are finished with this book you will know what you have to do to get started casting these spells and taking part in these rituals This guide will focus on the following Tools for spells How Real Witches Cast Spells Spells for prosperity Spells for love Spells for health Spells for money and career Magic spells for love sex and erotic feelings Spells for power Love and attraction spells Magical practices Herb and candle spell Crystal magic AND MORE Even if you ve never cast a spell before you will learn to cast the most powerful one for any purpose to be attuned to the world and to fill in your own book of shadows Now if you want mastering witch spells please let me show you how Scroll up and click the BUY NOW button

started with spells then this is the book you need Since you have found your way here I believe it would be safe to say that you have already decided to become a Wiccan This book is here to help move your practice to the next level In fact this book will help you to create your practice Here is where you will learn more about spell work and witchcraft and it is often the most exciting and highly anticipated part about being Wiccan Performing spells is often what most practitioners look forward to It is the most hyped part of the religion so it makes sense that it is the most anticipated part This book is here to get you started with spells and will provide with your first grimoire so to speak You won't just find spells in this book though We will also discuss other things that can help with your spellwork and is important to know before you jump into your first spell The most important thing when it comes to making the decision to start performing spells is to make sure you are completely ready mentally and physically Depending on the spell you are casting it can drain your energy so you will also want to make sure you have the time to perform and recuperate before you have to do anything In this book you will learn How to invoke the powers of items in your spells How to create your own spells Introductory spells for beginners Suggested tools to have before starting your practice Spells to help heal broken friendships and relationships Spells to improve your career and money Spells that will improve your sexual improvement Important information about symbols and ritual In depth look at the history of Wiccan practices Understanding the Law of Attraction And so much more Performing spells and rituals are a big part of the Wiccan practice and they are a great way to bring you close to your practice Rituals also give you the chance to celebrate and really focus your energy on something you find important like the Sabbats and deities In the Wiccan religion it is also important to remember that your spells aren't supposed to affect anybody else unless they have specifically asked you for it or you have gotten their permission The main point of Wicca is not to harm anybody and that includes messing with their free will If you perform a spell for somebody without permission you may cause them harm in one way or the other and that harm will come back to you three fold This book is the perfect book for the beginner practitioner The spells are easy to follow and you can perform most of them without a bunch of fancy ingredients You may end up regretting it if you walk away right now Grab your copy now
