Find out about the e book challenges facing librarians such as the quest to control costs in the patron driven acquisitions PDA model, how to solve the dilemma of resource sharing with e books and how to manage PDA in the consortial environment. See what patron use of e books reveals about reading habits and disciplinary differences. Finally in the case study section discover how to promote scholarly e books, how to manage an e reader checkout program and how one library replaced most of its print collection with e books.
