**The Ten-Cent Plague** David Hajdu,2008-03-18 In the years between World War II and the emergence of television as a mass medium American popular culture as we know it was first created in the pulpy boldly illustrated pages of comic books No sooner had this new culture emerged than it was beaten down by church groups community bluestockings and a McCarthyish Congress only to resurface with a crooked smile on its face in Mad magazine The story of the rise and fall of those comic books has never been fully told until The Ten Cent Plague David Hajdu s remarkable new book vividly opens up the lost world of comic books its creativity irreverence and suspicion of authority When we picture the 1950s we hear the sound of early rock and roll The Ten Cent Plague shows how years before music comics brought on a clash between children

and their parents between prewar and postwar standards Created by outsiders from the tenements garish shameless and often shocking comics spoke to young people and provided the guardians of mainstream culture with a big target Parents teachers and complicit kids burned comics in public bonfires Cities passed laws to outlaw comics Congress took action with televised hearings that nearly destroyed the careers of hundreds of artists and writers The Ten Cent Plague radically revises common notions of popular culture the generation gap and the divide between high and low art As he did with the lives of Billy Strayhorn and Duke Ellington in *Lush Life* and Bob Dylan and his circle in *Positively 4th Street* Hajdu brings a place a time and a milieu unforgettably back to life [Library of the World's Best Literature, Ancient and Modern--Index-guide to Library of the World's Best Literature ...](#) Charles Dudley Warner, Hamilton Wright Mabie, Lucia Isabella Gilbert
