[Black Friday](#) Alex Kava,2010-08-01 On the busiest shopping day of the year a group of idealistic college students believe they're about to carry out an elaborate media stunt at the largest mall in America. They think the equipment in their backpacks will disrupt stores' computer systems, causing delays and chaos, disrupting capitalism if only for a moment. What they don't realize is that instead of jamming devices, their backpacks contain explosives. And they're about to become unwitting suicide bombers. FBI profiler Maggie O'Dell must put her own political troubles aside to work with Nick Morrelli and figure out who's behind this terrorist plot. A massacre that's all the more frightening when a tip reveals that Maggie's brother is one of the doomed protesters. *"Black Friday: A Night of Broken Promises"* Ammar Rahhal, Black Friday: A Night of Broken Promises follows the suspenseful events of a single night inside Ridgewood Mall where thousands of eager shoppers gather in the early hours hoping for the deals of the year. But when the mall's doors open earlier than scheduled and advertised bargains mysteriously disappear, tension slowly transforms into fear. Lena, a determined shopper, teams up with Tom, an exhausted security guard, and Eli, a mysterious man with a strange black wristband. As the mall's systems begin to malfunction in alarming ways, lights flicker out, announcements distort, stores close without warning, and people vanish into unmonitored corridors. As chaos grows, the trio uncovers a secret buried beneath years of deceptive advertising and corporate manipulation: a failed algorithm designed to track and control consumer behavior has turned the mall into a trap. Over the course of one terrifying night, they must navigate a maze of locked doors, collapsing crowds, and escalating danger to reach the final exit before the building resets and their ordeal is erased. A fast-paced tale of truth, trust, and the cost of broken promises, this novella exposes the dark side of one of the world's biggest shopping days.
