Cinemas and Cinema-Going in the United Kingdom: Decades of Decline, 1945-65 Sam Manning, 2020-03-31 Cinema going was the most popular commercial leisure activity in the first half of the twentieth century peaking in 1946 with 1.6 billion recorded admissions Though going to the pictures remained a popular pastime the transition to peacetime altered citizens leisure habits During the 1950s increased affluence the growth of television ownership and the diversification of leisure led to rapid declines in attendance Cinema attendances fell in all regions but the speed nature and extent of decline varied widely across the United Kingdom By linking national developments to detailed case studies of Belfast and Sheffield this book adds nuance to our understanding of regional variations in film exhibition audience habits and cinema going experiences during a period of profound social and cultural change Drawing on a wide range of quantitative and qualitative sources Cinema and Cinema Going conveys the diverse nature of this important industry and the significance of place as a determinant of film attendance in post war Britain

Audiences Ian Christie, 2025-10-01 This timely volume engages with one of the most important shifts in recent film studies the turn away from text based analysis towards the viewer Historically this marks a return to early interest in the effect of film on the audience by psychoanalysts and psychologists which was overtaken by concern with the effects of film linked to calls for censorship and moral panics rather than to understanding the mental and behavioral world of the spectator Early cinema history has revealed the diversity of film viewing habits while traditional box office studies which treated the audience initially as a homogeneous market have been replaced by the study of individual consumers and their motivations Latterly there has been a marked turn towards more sophisticated economic and sociological analysis of attendance data And as the film experience fragments across multiple formats the perceptual and cognitive experience of the individual viewer who is also an auditor has become increasingly accessible With contributions from Gregory Waller John Sedgwick and Martin Barker this work spans the spectrum of contemporary audience studies revealing work being done on local non theatrical and live digital transmission audiences and on the relative attraction of large scale domestic and mobile platforms

Family Fictions Sarah Harwood, 1997-06-12 Family Fictions explores images and narratives of the family in recent Hollywood cinema This is the first in depth analysis of this important topic which explores how problematic representations of the family were in a period when the family was a pivotal political and social issue Through close textual analysis of the biggest box office hits of recent

years this book demonstrates the volatility of family representations and the instability of its narrative and ideological functions Well known films discussed include Kramer versus Kramer E T and Look Who s Talking

The First King of Hollywood Tracey Goessel, 2015-10-01 Theatre Library Association s Wall Award Finalist Silent film superstar Douglas Fairbanks was an absolute charmer Irrepressibly vivacious he spent his life leaping over and into things from his early Broadway successes to his marriage to the great screen actress Mary Pickford to the way he made Hollywood his very own town The inventor of the swashbuckler he wasn t only an actor he all but directed and produced his movies and in founding United Artists with Pickford Charlie Chaplin and D W Griffith he challenged the studio system But listing his accomplishments is one thing and telling his story another Tracey Goessel has made the latter her life s work and with exclusive access to Fairbanks s love letters to Pickford she brilliantly illuminates how Fairbanks conquered not just the entertainment world but the heart of perhaps the most famous woman in the world at the time When Mary Pickford died she was an alcoholic self imprisoned in her mansion nearly alone and largely forgotten But she left behind a small box in it worn and refolded were her letters from Douglas Fairbanks Pickford and Fairbanks had ruled Hollywood as its first king and queen for a glorious decade But the letters began long before when they were both married to others when revealing the affair would have caused a great scandal Now these letters form the centerpiece of the first truly definitive biography of Hollywood s first king the man who did his own stunts and built his own studio and formed a company that allowed artists to distribute their own works outside the studio system But Goessel s research uncovered more that Fairbanks s first film appearance was two years earlier than had been assumed that his stories of how he got into theater and then into films were fabricated that the Pickford Fairbanks Studios had a specially constructed underground trench so that Fairbanks could jog in the nude that Fairbanks himself insisted racist references be removed from his films intertitles and the true cause of Fairbanks s death Fairbanks was the top male star of his generation the maker of some of the greatest films of his era The Thief of Bagdad Robin Hood The Mark of Zorro He was fun witty engaging creative athletic and a force to be reckoned with He shaped our idea of the Hollywood hero and Hollywood has never been the same since His story like his movies is full of passion bravado romance and desire Here at last is his definitive biography based on extensive and brand new research into every aspect of his career and written with fine understanding wit and verve

Reboot Culture William Proctor, 2023-11-24 Since the release of Christopher Nolan s Batman Begins in 2005 there has been a pronounced surge in alternative uses of the computer term reboot a surge that has witnessed the term deployed in new contexts and new signifying practices involving politics fashion sex nature sport business and media As a narrative concept however reboot terminology remains widely misused misunderstood and misinterpreted across popular journalistic and academic discourses being recklessly and relentlessly solicited as a way to describe a broad range of narrative operations and contradictory groupings including prequels sequels adaptations revivals re launches generic refreshes and enactments of retroactive continuity Adopting an inter disciplinary

approach that fuses cultural studies media archaeology and discursive approaches this book challenges existing scholarship on the topic by providing new frameworks and taxonomies that illustrate key differences between reboots and other strategies of regeneration helping to spotlight the various ways in which the culture industries mine their intellectual properties in distinct and novel ways to present them anew Reboot Culture Comics Film Transmedia is the first academic study to critically explore and interrogate the reboot phenomenon as it emerged historically to describe superhero comics that sought to jettison existing narrative continuity in order to begin again from scratch of franchising in the twenty first century of franchising in the twenty first century
