The background is a collage of various television show posters, including titles like 'Scandal', 'Pentecost', 'Nine Perfect Strangers', 'The Wonder Years', 'Snowfall', and 'The Mindy Project'. The Indigenous Fermented Foods of the Sudan Hamid A. Dirar, 1993 Recent decades have witnessed increased interest in the foods of Africa spurred on by the recurrent famines that have plagued the continent It is now recognized that helping people to use their own knowledge of indigenous foods and agriculture provides better prospects for long term sustainability than imposing solutions from outside Yet to date there has been little documented information about the foods that are utilized by the poor of Africa and particularly how these foods are preserved in a hostile environment for later use This book is a unique compilation of both the general literature on Africa s fermented foods and beverages and of original research conducted by the author in Sudan

Information was gathered from elderly rural women who traditionally hand down such knowledge from generation to generation With increased urbanization and dislocation of family structures there is a danger that such knowledge might otherwise be lost forever The various foods are considered in terms of their role in the struggle for survival and in the social fabric of rural Sudan as well as from the perspectives of nutrition and food microbiology The book is a major contribution to this literature of interest to all concerned with food science human nutrition and rural development **Newsweek** ,2009
