IMPLEMENTATION OF ICT SKILLS FOR THE STUDENTS FOR THEIR EMPLOYMENT IN SKILL BASED JOBS

Dr. M.V. Sathiyabama Dr. R. Vidwakalyani Dr. B. Indira Priyadharshini Dr. T. Kiruthika & Ms. M. Ragaprabha, **Top 300 Careers**, 2008 Explore hundreds of careers assess your best career fit and land a job fast with this extensive authoritative resource In one time saving volume job seekers and students find everything they need to research careers learn about pay outlook education and skills needed for about 300 jobs match their personal skills to the jobs and take seven steps to land a good job in less time This book provides thorough current and interesting descriptions for all major jobs covering about 90 percent of the workforce A special book within a book section by career and job search author Michael Farr describes the seven steps that cut job search time in half and includes sample resumes An assessment matches your personal skills with the characteristics of the occupations described in the book **After the Pandemic** Randy Whitaker,2022-10-10 Many things define a job seeker experience education first impressions connections passion and the value you might bring to the company you wish to work for For decades the perceived ideal candidate would have all of the above most of the above however a good candidate would have a four year college degree To a great extent an employer still would like someone with a four year college degree However I believe this is changing The need for those who work with their hands and those who

are willing to work their way up through the various levels of an organization is becoming more and more desired by companies. The time it will take you to earn your degree you could be making a nice living and will have accrued zero debt in the process. Plus, after working in an industry of your choice, something you do have an interest in, even a passion for, you may be on equal footing with a newly hired college grad based on the four years you have been working in your industry of choice as you continue to work your way up through the company. You will find the more value you bring to a company, the more they will look to you to assume great responsibility. Typically, the more responsibility, the greater the paycheck. What makes this book timely is the fact as COVID 19 winds down, we are seeing many labor shortages in many areas and industries. Now is the absolute best time to go to an industry experiencing a labor shortage or enter one of the numerous industries researched in this book and get yourself the job you always wanted without the cost and time involved with getting a four-year college education. I have nothing against getting a degree, and there are still many fields where they will always be mandatory; however, the trades, service industries, government, railroads, law enforcement, plus many others will welcome you with open arms without the need for a four-year degree. I hope this book helps.
