Alphabet Tracing & Writing: Favorite Practice Book Daisy Taylor,2020-07-22 Letter Tracing Workbook for Kids Ages 3 5 Alphabets learning and tracing uppercase and lower case with the children favorites illustrations and pictures Tracing and Writing Alphabet book is a great practice tool to success that starts with speeding the time of learning This book teaches a variety of essential school skills Alphabet writing Tracing letters with dotting guide as well as for it is a successful tool for English language learners who need to learn the alphabet quickly and keep remembering them How to use this book Alphabets writing represents a uni dimensional skill The method implies in this book will develop the skills of writing and

sounds over weeks rather than months or years The development of letter names and letter sound knowledge varies in acquisition our findings indicate that the ability to write some letters is acquired earlier than the ability to write other letters Although there appears to be an approximate sequence for the easiest and most difficult letters there appears to be a less clear sequence for letters in the middle stages of development That s why we have created this book of writing for kids accordingly We have applied the method below to involve children in writing and developing letter names and sounds without any delay or feeling frustrated for some of harder sounds come only after simple sounds to keep the success above Easy sounds are sounds which do not involve a lot of movement of the lips and tongue and hand control in order to make them They are b p m n w t d and h Harder sounds involve more complicated movements within the mouth and needs more hand control Hard sounds include c or k g f s sh Do not try to make your child student say words that they are having trouble with There maybe sounds in the word that are to difficult for him her to make Fellow the method above to grow confidence and success and more importantly learning correctly
