

ASSESSMENT

Timed Up & Go (TUG)

Purpose: To assess mobility

Equipment: A stopwatch

Directions: Patients wear their regular footwear and can use a walking aid, if needed. Begin by having the patient sit back in a standard arm chair and identify a line 3 meters, or 10 feet away, on the floor.

① Instruct the patient:

When I say "Go," I want you to:

1. Stand up from the chair.
2. Walk to the line on the floor at your normal pace.
3. Turn.
4. Walk back to the chair at your normal pace.
5. Sit down again.

NOTE:

Always stay by the patient for safety.

② On the word "Go," begin timing.

③ Stop timing after patient sits back down.

④ Record time.

Time in Seconds:

Patient _____

Date _____

Time _____ ☐ AM ☐ PM

OBSERVATIONS

Observe the patient's postural stability, gait, stride length, and sway.

Check all that apply:

- ☐ Slow tentative pace
- ☐ Loss of balance
- ☐ Short strides
- ☐ Little or no arm swing
- ☐ Steadying self on walls
- ☐ Shuffling
- ☐ En bloc turning
- ☐ Not using assistive device properly

These changes may signify neurological problems that require further evaluation.

Tug Test Home Health:

Out of Practice Frederick M. Barken, 2011-04-15 Primary care medicine as we know and remember it is in crisis While policymakers government administrators and the health insurance industry pay lip service to the personal relationship between physician and patient dissatisfaction and disaffection run rampant among primary care doctors and medical students steer clear in order to pursue more lucrative specialties Patients feel helpless well aware that they are losing a valued close connection as health care steadily becomes more transactional than relational The thin margin efficiency rapid pace and high volume demanded by the new health care economics do not work for primary care an inherently slower more personal and uniquely tailored service In *Out of Practice* Dr Frederick Barken juxtaposes his personal experience with the latest research on the transformations in the medical field He offers a cool critique of the market model of medicine while vividly illustrating how the seemingly inexorable trend toward specialization in the last few decades has shifted emphasis away from what was once the foundation of medical practice Dr Barken addresses the complexities of modern practice overuse of diagnostic studies fragmentation of care increasing reliance on an array of prescription drugs and the practice of defensive medicine He shows how changes in medicine the family and society have left physicians to deal with a wide range of geriatric issues from limited mobility to dementia that are not addressed by health care policy and are not entirely amenable to a physician's prescription Indeed Dr Barken contends the very survival of primary care is in jeopardy at a time when its practitioners are needed more than ever Illustrated with case studies gleaned from more than twenty years in private practice and data from a wide range of sources *Out of Practice* is more than a jeremiad about a broken system Throughout Dr Barken offers cogent suggestions for policymakers and practitioners alike making clear that as valuable as the latest drug or medical device may be a successful health care system depends just as much on the doctor patient relationship embodied by primary care medicine

Evidence-Based Practices to Reduce Falls and Fall-Related Injuries Among Older Adults Cassandra W. Frieson, Maw Pin Tan, Marcia G. Ory, Matthew Lee Smith, 2018-09-20 Falls and fall related injuries among older adults have emerged as serious global health concerns which place a burden on individuals their families and greater society As fall incidence rates increase alongside our globally aging population fall related mortality hospitalizations and costs are reaching never seen before heights Because falls occur in clinical and community settings additional efforts are needed to understand the intrinsic and extrinsic factors that cause falls among older adults effective strategies to reduce fall related risk and the role of various professionals in interventions and efforts to prevent falls e g nurses physicians physical therapists occupational therapists health educators social workers economists policy makers As such this Research Topic sought articles that described interventions at the clinical community and or policy level to prevent falls and related risk factors Preference was given to articles related to multi factorial evidence based interventions in clinical e g hospitals long term care facilities skilled nursing facilities residential facilities and community e g senior centers

recreation facilities faith based organizations settings However articles related to public health indicators and social determinants related to falls were also included based on their direct implications for evidence based interventions and best practices

The book delves into Tug Test Home Health. Tug Test Home Health is a crucial topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Tug Test Home Health, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Tug Test Home Health
- Chapter 2: Essential Elements of Tug Test Home Health
- Chapter 3: Tug Test Home Health in Everyday Life
- Chapter 4: Tug Test Home Health in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Tug Test Home Health. This chapter will explore what Tug Test Home Health is, why Tug Test Home Health is vital, and how to effectively learn about Tug Test Home Health.
3. In chapter 2, this book will delve into the foundational concepts of Tug Test Home Health. This chapter will elucidate the essential principles that need to be understood to grasp Tug Test Home Health in its entirety.
4. In chapter 3, this book will examine the practical applications of Tug Test Home Health in daily life. This chapter will showcase real-world examples of how Tug Test Home Health can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Tug Test Home Health in specific contexts. The fourth chapter will explore how Tug Test Home Health is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Tug Test Home Health. The final chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Tug Test Home Health.
