Survey of London Peter Guillory, 2022 In these volumes, the Survey of London returns to the East End to chronicle Whitechapel, covering Aldgate to Mile End Green and Brick Lane to Wellclose Square. The name Whitechapel, one of London's best known, is highly evocative, carrying dark even mythic associations. These are set aside to present new histories of all the area's sites and buildings, those standing and many that have gone, in districts that have been repeatedly rebuilt. Owing to its proximity to the City of London, Whitechapel has, since medieval times, housed commerce and many varied industries. Enriched by centuries of immigration, this area has been global for as long as that word has denoted the world, and amidst widespread poverty, some of London's great institutions have been founded here. In the midst of these landmarks, Whitechapel has seen recent transformation. These volumes bear historical witness with hundreds of superb new photographs and meticulous architectural drawings, illustrating detailed accounts of topographical development in accessible prose. They will be an invaluable resource for historians, planners, residents and the wider public.
