Help! For Teachers of Young Children Gwen Snyder Kaltman, 2006 A delightful book. It is readable, convincing and useful for communicating with children and engaging them in fruitful conversations. I would recommend this book to anyone who has the good fortune to be working with young children. Marilyn Segal, Director of Academics, Mailman Segal Institute for Early Childhood Studies, Nova Southeastern University, FL. Even though strong parent teacher partnerships benefit children very little attention is usually given to training teachers to tap into this powerful resource. Kaltman's practical tips make for a very valuable resource. Ruth R. Kennedy, Assistant Professor, Bloomsburg University of Pennsylvania. Help children develop critical social skills and build positive team relationships with parents. Ensuring children's healthy social and emotional development is one of the most important and most challenging responsibilities for preschool educators and parents. This reader friendly reference offers 88 tips to tackle the task by focusing on what teachers can do with children and their parents. *Help For Teachers of Young Children* provides readers with entertaining stories and practical strategies covering a range of topics from using discipline as a teaching tool to helping children learn to communicate, cooperate and develop self esteem. The book also addresses the many facets of working effectively with parents including parent child separation anxiety. Each tip offers a short and engaging real life story. Suggestions that teachers can use immediately. Ask Yourself questions for teachers to think about their classroom practice. A Try This section at the end of each chapter gives readers even more activity ideas. Preschool teachers are guaranteed to find fresh and fun insights each time they open this resource and its companion volume *More Help For Teachers of Young Children 99 Tips to Promote Intellectual Development*.

and Creativity *Guiding Young Children* Verna Hildebrand, Patricia F. Hearron, 1999 This popular book takes a developmental approach to working with and guiding young children stressing the need to consider the child's developmental level when planning activities. Unlike other books on early childhood education, it offers concrete suggestions on how to guide children as they are involved in specific activities such as playing, eating, napping, etc. Advocates that adults should manage the environment so that children can manage themselves to fully develop their human potential. Integrates information about children with disabilities into each chapter to reflect the importance of inclusion. Covers specific program areas. Places the concept of guidance with the broader perspective of professional and human resource development. For early childhood educators and others who are responsible for working with and guiding young children in daily activities.

Teaching Young Children Michael L. Henniger, 1999 Provides an introduction to the field of early childhood education focusing on five foundations of understanding: development, play, guiding, young children, working with families, and diversity issues. Material is organized in sections on an overview, the five foundations, planning and assessment, and the early childhood curriculum. Includes vignettes, boxes on play and diversity, critical thinking questions, applications boxes, and chapter summaries. Includes black and white photos of classrooms, scenes, and color photos accompanying a section of questions on video case studies.

If purchasing or renting from companies other than Pearson, the access codes for the Enhanced Pearson eText may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. This access code card provides access to the Enhanced Pearson eText. This comprehensive text gives pre-service early childhood educators a balanced, accessible introduction to early childhood education that also covers the content areas. It shows readers how to teach and care for children by identifying and focusing on five essential elements: understanding, child development, play, guidance, working with families, and diversity. Each essential element is addressed in its own separate chapter and then explored at a deeper level in a featured section in every chapter. Included is a rigorous overview of the planning, preparation, and delivery of a curriculum for young children built around six specific curriculum areas, each explored in its own chapter. The author stresses the importance of play and the need to nurture each child's natural affinity for learning through experimentation and exploration. Separate chapters cover the importance of the outdoor environment and the effect of technology on early childhood education, giving future teachers a well-rounded look at delivering quality early education. Short vignettes help students better understand young children; numerous practical examples of developmentally appropriate strategies provide tools for actual classroom teaching, and supplemental resources assist instructors in presenting the course. California Version of Who Am I in the Lives of Children? An Introduction to Early Childhood Education Stephanie Feeney, Eva Moravcik, Sherry Nolte, Doris Christensen, 2009-03-01

This introductory text contains the entire Feeney textbook plus California specific standards and chapter page correlations to the Feeney textbook. It was created by a California professor to familiarize students with the following California Child Development Permit Matrix, the Student Learning Outcomes from the Principles and Practices of Teaching Young Children course description and correlations to show where the Outcomes are addressed in the Feeney textbook, an explanation of California's Preschool Learning System and a detailed listing of the Preschool Learning Foundations and its focus on what children enrolled in high quality child care and development programs can be expected to be able to do at around 48 months 4 years old and around 60 months 5 years old. If a field experience student teaching or practicum experience is included in this course the foundations should come in handy as students observe and work with young children. This material helps faculty provide the information students need to implement the California Preschool Learning Foundations, the Desired Results for Children and Families, the Prekindergarten Learning and Development Guidelines and the curriculum frameworks when they enter the work force. The eighth edition of Who Am I in the Lives of Children has some substantial enhancements to previous editions. This introductory text presents a child centered constructivist approach to early childhood education and care programs in a range of contemporary settings. Its clear conceptual framework and integration of principles and practices assist students in understanding the important values of the field and how these translate into programs for young children. It helps them to develop their own philosophy and teaching style and encourages them to reflect on their values and actions. The authors' straightforward conversational writing style and appealing color photographs and art appeals to a wide range of students. With its focus on respecting children's ethics and personal and professional development of teachers of young children it has become one of most well received books in the field. New to this Edition: NEW Part of the Merrill MyEducationLab Textbook Series. Your students' textbook is a resource for applying the strategies they have learned to classroom practice. Things to Take Into Your Classroom featured on the front and back covers lists page references for the book's strategies, plans, activities, lessons and other resourceful materials for students to use in the classroom making this text not just a book for learning but a book for teaching. NEW Alignment with NAEYC standards a supplement to the table of contents shows how each chapter addresses NAEYC Standards for Professional Preparation. NEW Ethics Reflections Throughout the text examples of common ethical dilemmas are presented with thought provoking questions designed to help students to reflect on their ethical responsibilities and the use of the NAEYC Code of Ethical Conduct.
