conduct In response the updated and enhanced Governance in Sport Analysis and Application Second Edition aims to equip students with the skills to navigate both ordinary and extraordinary situations encountered in the oversight and authority of sport organizations at all levels of sport Governance in Sport examines sport governance from three broad analytical and applied perspectives A legal and managerial overview of practices processes and policies in sport organizations encompassing ethical behavior effective leadership decision making and policy development A framework of the structures and functions of regulatory agencies that govern state national regional and international sports An applied overview of governance and authority in selected sectors of the industry including professional sports amateur sports sports media sports betting esports and more Through examinations of contemporary hot button issues and compelling new case studies covering the Ukraine invasion Brittney Griner transgender athletes in sports LIV Golf versus the PGA conference realignment name image and likeness NIL issues the Kanjuruhan Stadium catastrophe and the workplace misconduct in the Washington Commanders organization students will see how governance differs in sport organizations at various levels in the United States and around the world Additional new features include the following Headlines begin each chapter calling out incidents of corruption within the sport industry Rules and Regulations Corners provide quick overviews of policies and laws affecting weighty issues Combating Corruption sections offer best practices for preventing and minimizing behavior deemed illegal unethical or counterintuitive Governance in Action case sidebars explore real world examples of conflicts and conundrums related to the chapter topic and include discussion questions suggested responses to the questions can be found in the instructor guide Recorded lectures by author Bonnie Tiell are available for each chapter of the book Instructors can use these videos to enhance their lectures With Governance in Sport students will develop an understanding of where power resides how decisions are made and the impact of those factors on the goals and structures of sport organizations **Red Zone**

Laurent Duvernay-Tardif, 2022-10-18 In July 2020 Laurent Duvernay Tardif sent shockwaves through the sports world by becoming the first NFL player to opt out of the upcoming season during the global pandemic As plans for the 2020 NFL season ramped up and daily cases of Covid 19 continued to skyrocket Laurent Duvernay Tardif a fixture on the offensive line of the Kansas City Chiefs stepped away from the game he loved Not only an active player but also a medical school graduate Laurent withdrew when he realized that continuing to play and potentially spreading the virus was antithetical to everything he believed in For the first time in his remarkable career Laurent couldn't reconcile his twin passions of football and medicine and with his team's Super Bowl win only months behind him found himself on the front lines of the pandemic working in a long term care facility in Quebec But that was just the beginning of the story As Laurent settled into his new reality he quickly came up against a severe Covid outbreak in his hospital unit Meanwhile his team the Kansas City Chiefs entered the playoffs as the favorites to repeat as champions in a season that saw countless games postponed due to league wide outbreaks including one on his own offensive line From the incredible highs of winning the Super Bowl to the burnout of

working as an orderly Red Zone takes readers inside Laurent's life as he grapples with his roles of medical professional and NFL football player during a global pandemic. But this captivating memoir also reveals Laurent's remarkable personal story detailing how his insatiable curiosity and solid work ethic led him from his family's bakery in Montreal to his role as one of the most fascinating and accomplished people in professional sports.
