summer

Summer is a season. There are four seasons in the year. Summer comes between spring and autumn. In the northern hemisphere, the summer months are: June, July and August.

Summer is the hottest season. In summer, the temperature rises, the sun shines more and the days are longer. That means there are more daylight hours. Schools and universities have a long break in the summer and most people take their holiday. Many people go abroad. For northern Europeans, Spain and Greece are popular holiday destinations. The beaches and the weather are perfect! People spend more time outside, going to the beach or visiting parks or just sitting in their gardens. Flowers and plants bloom. You can hear the birds singing and the bees buzzing. Many people say that summer is their favourite season. The summer solstice is on June 21st. That is the day when there is the most sunlight - the longest day of the year.

Say if the following sentences are true or false. Correct the false ones:
