Hucks, 2012-05-16 Exploring the Yoruba tradition in the United States Hucks begins with the story of Nana Oseijeman Adefunmi's personal search for identity and meaning as a young man in Detroit in the 1930s and 1940s She traces his development as an artist religious leader and founder of several African influenced religious cultural projects in Harlem and later in the South Adefunmi was part of a generation of young migrants attracted to the bohemian

lifestyle of New York City and the black nationalist fervor of Harlem Cofounding Shango Temple in 1959 Yoruba Temple in 1960 and Oyotunji African Village in 1970 Adefunmi and other African Americans in that period renamed themselves Yorubas and engaged in the task of transforming Cuban Santería into a new religious expression that satisfied their racial and nationalist leanings and eventually helped to place African Americans on a global religious schema alongside other Yoruba practitioners in Africa and the diaspora Alongside the story of Adefunmi Hucks weaves historical and sociological analyses of the relationship between black cultural nationalism and reinterpretations of the meaning of Africa from within the African American community

The Inner Yoga of Happiness Dennis Hill, 2008 Why do we do what we do Isn't everything we do ultimately to bring us happiness Think about it All our planning all our actions all our manipulations all our accumulations are so that we can just be happy When we get what we want really how long does it last Is there a way that we can be happy all the time The drive to fulfill our desires in practice does not bring us lasting happiness so what can we do There is one practice that is most essential in revealing the bliss of the Self and that is meditation This is the fundamental practice of mystics in all cultures that shows us the happiness that lies just behind the mind and shines its joyous radiance when the mind is at peace If we will just spend some time every day in this sublime equanimity we will get everything The traditional path to the inner yoga of happiness which is taught in yoga philosophy Advaita Vedanta is simply the practice of meditation In this practice we distill the inner caprice of thought down to simple stillness As we get longer stretches of this stillness we become acquainted with the fullness of our essential being In this fullness arises spontaneous joy contentment and wisdom This is the happiness that is always there in every moment This book is a journal of clues along the way in the pursuit of enduring inner happiness independent of outer circumstances Also available from this author *Yoga Sutras The Means to Liberation*
