**Walled** Sylvain Cypel,2006 An award winning journalist explores the culture of denial in Israeli and Palestinian societies and its lethal consequences Walled examines the contemporary state of mind of Israel's citizens tracing the history of the State of Israel back to the Jewish national movement and the beginnings of Zionism Sylvain Cypel offers a lucid analysis of the Israeli Palestinian situation and powerfully demonstrates that the wall of protection erected in the West Bank by Israel is the most visible symptom of a society in peril Those who are walled Cypel argues are first and foremost the Israelis themselves who have chosen to ignore rather than acknowledge the existence and rights of their neighbors Through the study of political discourse intellectual controversy and national institutions such as the army and the educational system Cypel illuminates the mechanics of the culture of force that has led Israeli society into its current impasse Walled combines historical cultural and sociological analysis with personal testimonies and a delightful Jewish wit offering a cogent and gripping portrait of two peoples walled by denial Israeli society and its other the Palestinians *The State of Israel vs. the Jews* Sylvain Cypel,2024-08-06 A PopMatters Best Book of the Year A perceptive study of how Israel's actions which run counter to the traditional historical values of Judaism are putting Jewish people worldwide in an increasingly untenable position now with a new introduction More than a decade ago the historian Tony Judt considered whether the behavior of Israel was becoming not only bad for Israel itself but also on a wider scale bad for the Jews Under the leadership of Benjamin Netanyahu this issue has grown ever more urgent In *The State of Israel vs the Jews* veteran journalist Sylvain Cypel addresses it in depth exploring Israel's rightward shift on the international scene and with regard to the diaspora Cypel reviews the little known details of the military occupation of Palestinian territory the mindset of ethnic superiority that reigns throughout an Israeli colonial camp that is largely in the majority and the adoption of new laws the most serious of which establishes two tier citizenship between Jews and non Jews He shows how Israel has aligned itself with authoritarian regimes and adopted the practices of a security state including the use of technologies such as the software that enabled the tracking and ultimately the assassination of Saudi Arabian journalist Jamal Khashoggi Lastly *The State of Israel vs the Jews* examines the impact of Israel's evolution in recent years on the two main communities of the Jewish diaspora in France and the United States considering how and why public figures in each differ in their approaches

sliced through orchards and houses and cuts off family members from one another is a land grab In this comprehensive book Backmann not only addresses the barrier's impact on ordinary citizens but how it will shape the future of the Middle East Though it promises security to an Israeli population weary of terrorism it also is responsible for the widespread destruction of Palestinian homes and farmland with its Byzantine checkpoint regulations it has also severely crippled the Palestinian economy and most urgent the barrier often deviates from the Green Line appropriating thousands of acres of land effectively redrawing the boundary between the West Bank and Israel Backmann interviews Israeli policy makers politicians and military personnel as well as Palestinians living throughout the West Bank telling the stories not only of the barrier's architects but also of those who must reckon with it on a day to day basis on the ground With bold brilliant and often impassioned reportage *A Wall in Palestine* renders the West Bank Barrier its purpose its efficacy its consequences as no book before *Walled* Sylvain Cypel,2006 An award winning journalist explores the culture of denial in Israeli and Palestinian societies and its lethal consequences *Walled* examines the contemporary state of mind of Israel's citizens tracing the history of the State of Israel back to the Jewish national movement and the beginnings of Zionism Sylvain Cypel offers a lucid analysis of the Israeli Palestinian situation and powerfully demonstrates that the wall of protection erected in the West Bank by Israel is the most visible symptom of a society in peril Those who are walled Cypel argues are first and foremost the Israelis themselves who have chosen to ignore rather than acknowledge the existence and rights of their neighbors Through the study of political discourse intellectual controversy and national institutions such as the army and the educational system Cypel illuminates the mechanics of the culture of force that has led Israeli society into its current impasse *Walled* combines historical cultural and sociological analysis with personal testimonies and a delightful Jewish wit offering a cogent and gripping portrait of two peoples walled by denial Israeli society and its other the Palestinians *Journal of Palestine Studies*,2007 A quarterly on Palestinian affairs and the Arab Israeli conflict *Jewish Quarterly*,2006 *The Jewish Quarterly*,2008 *Religion and Politics in the Middle East* Robert D.
