Walter Legge Words And Music:

Walter Legge Walter Legge,1998 Walter Legge was one of the greatest ever record producers His many other activities included founding a great orchestra the Philharmonia which he ran for eighteen years as a benevolent dictator Music formed the central core of his life but the printed word was also a vital source of inspiration and education In his writings Walter Legge reveals clearly the many facets of his own remarkable personality and from his correspondence with the great names of his day we gain rich insight into the musical world in which he played so great a part **The Cambridge Companion to Recorded Music** Nicholas Cook,2009-11-26 Featuring fascinating accounts from practitioners this Companion examines how developments in recording have transformed musical culture **The Art of Record Production** Simon Zagorski-Thomas,Katia Isakoff,Serge Lacasse,Sophie Stévançe,2016-04-01 The playback of recordings is the primary means of experiencing music in contemporary society and in recent years classical musicologists and popular music theorists have begun to examine the ways in which the production of recordings affects not just the sound of the final product but also musical aesthetics more generally Record production can indeed be treated as part of the creative process of composition At the same time training in the use of these forms of technology has moved from an apprentice based system into university education Musical education and music research are thus intersecting to produce a new academic field the history and analysis of the production of recorded music This book is designed as a general introductory reader a text book for undergraduate degree courses studying the creative processes involved in the production of recorded music The aim is to introduce students to the variety of approaches and methodologies that are currently being employed by scholars in this field The book is divided into three sections covering historical approaches theoretical approaches and case studies and practice There are also three interludes of commentary on the academic contributions from leading record producers and other industry professionals This collection gives students and scholars a broad overview of the way in which academics from the analytical and practice based areas of the university system can be brought together with industry professionals to explore the ways in which this new academic field should progress **Indian Classical Music and the Gramophone, 1900-1930** Vikram Sampath,2022-06-30 In 1902 The Gramophone Company in London sent out recording experts on expeditions across the world to record voices from different cultures and backgrounds All over India it was women who embraced the challenge of overcoming numerous social taboos and aesthetic handicaps that came along with this nascent technology Women who took the plunge and recorded largely belonged to the courtesan community called tawaifs and devadasis in North and South India respectively Recording brought with it great fame brand recognition freedom from exploitative patrons and monetary benefits to the women singers They were to become pioneers of the music industry in the Indian sub continent However despite the pioneering role played by these women their stories have largely been forgotten Contemporaneous with the courtesan women adapting to recording technology was the anti nautch campaign that sought to abolish these women from

the performing space and brand them as common prostitutes A vigorous renaissance and arts revival movement followed leading to the creation of a new classical paradigm in both North Indian Hindustani and South Indian Carnatic classical music This resulted in the standardization universalization and institutionalization of Indian classical music This newly created classical paradigm impacted future recordings of The Gramophone Company in terms of a shift in genres and styles Vikram Sampath sheds light on the role and impact of The Gramophone Company's early recording expeditions on Indian classical music by examining the phenomenon through a sociocultural historical and musical lens The book features the indefatigable stories of the women and their experiences in adapting to recording technology The artists from across India featured are Gauhar Jaan of Calcutta Janki Bai of Allahabad Zohra Bai of Agra Malka Jaan of Agra Salem Godavari Bangalore Nagarathnamma Coimbatore Thayi Dhanakoti of Kanchipuram Bai Sundarabai of Pune and Husna Jaan of Banaras

Singing in the Age of Anxiety Laura Tunbridge, 2018-07-11 In New York and London during World War I the performance of lieder German art songs was roundly prohibited representing as they did the music and language of the enemy But as German musicians returned to the transatlantic circuit in the 1920s so too did the songs of Franz Schubert Hugo Wolf and Richard Strauss Lieder were encountered in a variety of venues and media at luxury hotels and on ocean liners in vaudeville productions and at Carnegie Hall and on gramophone recordings radio broadcasts and films Laura Tunbridge explores the renewed vitality of this refugee musical form between the world wars offering a fresh perspective on a period that was pervaded by anxieties of displacement Through richly varied case studies *Singing in the Age of Anxiety* traces how lieder were circulated presented and consumed in metropolitan contexts shedding new light on how music facilitated unlikely crossings of nationalist and internationalist ideologies during the interwar period *Ernest Newman* Paul Watt, 2017

Ariane & Bluebeard Matthew G. Brown, Th. Emil Homerin, 2022-11 Matthew Brown developed this project through his founding of TableTopOpera a group of scholars and performers committed to performing multimedia projects promoting classical music to general audiences TableTop's production a reductionist fantasy based on *Ariane et Barbe bleue* played an adaptation of Paul Dukas's original score while panels of P Craig Russell's popular graphic novel *Ariane and Bluebeard* Op 26 streaked across the auditorium screen Brown wrote the score and the show was called a miracle

of collaborative creation thanks to all editing decisions made in regard not only to Brown's profound knowledge of the epoch and Russell's passion for the opera but of the demanding virtuosos who would be playing it for the multimedia skills it would require and for a strong commitment to the integrity of the original score. The Emil Homerin produced the show. This book based off the performance project already is being marketed through TableTopOpera. Contributors to the volume include an opera singer and instructor from the Metropolitan Opera's production of Bluebeard's Castle, the celebrated comic and graphic artist P. Craig Russell, and scholars in classics, religion, history, women and gender studies, and rare books. Although the premier of *Ariane et Barbe bleue* is frequently lauded as a landmark in operatic history, there is at present no book devoted solely to its history, structure, reception, and cultural implications. This book will stand out on our music list and contribute to our reputation for publishing books on multimedia topics by touching on such diverse subjects as opera, comic books, and animated movies. Further, it contributes to our list of significant works on women and gender studies. Our target audience includes students, scholars, and readers interested in musicology, particularly Paul Dukas' French music and multimedia opera. Other related interests include histories of print multimedia and comic works, philosophical discussion of Plato and mysticism, and French symbolist literature.

Yet music cannot exist by itself; it must have people not only to write but to perform it and to listen to it as this enthralling collection demonstrates over and over again. From letters, record sleeves, diaries, biographies, newspapers, and magazines, and countless anecdotes, you will find here pieces about operas and symphonies, jazz and film music, composers, conductors, performers, and critics, stories of love, of poverty and destitution, arrogance and despair, success and failure. The Gramophone, 1926 International Classical Record Collector, 1998 **High Fidelity News and Record Review**, 1999 **A Voice in the Dark** Alexander Kok, 2002 **Tunes of Glory** Richard Aldous, 2001 England's most famous maestro was Sir Malcolm Sargent, the nation's ambassador with a baton and friend to royalty. Sargent was despised by the musical establishment for his populism and showmanship. Yet ordinary music lovers had been devoted to him, not the least for his heroics during the Blitz. *Tunes of Glory* is as much an exploration of celebrity and the English psyche as the story of one man. It is the defining work on an extraordinary life, drawn from the author's exclusive and unlimited access to Sargent's private letters, photographs, and diaries.
