## **Waking A Memoir Of Trauma And Transcendence:**

*Waking* Matthew Sanford, 2008-05-27 Matthew Sanford's inspirational story about the car accident that left him paralyzed from the chest down is a superbly written memoir of healing and journey from near death to triumphant life. Matt Sanford's life and body were irrevocably changed at age 13 on a snowy Iowa road. On that day his family's car skidded off an overpass killing Matt's father and sister and left him paralyzed from the chest down confining him to a wheelchair. His mother and brother escaped from the accident unharmed but were left to pick up the pieces of their decimated family. This pivotal event set Matt on a lifelong journey from his intensive care experiences at the Mayo Clinic to becoming a paralyzed yoga teacher and founder of a nonprofit organization. Forced to explore what it truly means to live in a body he emerges with an entirely new view of being a whole person. By turns agonizingly personal philosophical and heartbreakingly honest this groundbreaking memoir takes you inside the body heart and mind of a boy whose world has been shattered. Follow Sanford's journey as he rebuilds from the ground up searching for healing stories to help him reconnect his mind and his body. To do so he must reject much of what traditional medicine tells him and instead turn to yoga as a centerpiece of his daily practice. He finds not only a better life but also meaning and purpose in the mysterious distance that we all experience between mind and body. In *Waking* Sanford delivers a powerful message about the endurance of the human spirit and of the body that houses it.

Brintnall,Rhiannon Graybill,Linn Marie Tonstad,2023-12-07 This book takes the groundbreaking work of Lee Edelman in queer theory and for the first time

demonstrates its importance and relevance to contemporary theology biblical studies and religious studies It argues that despite extensive interest in Edelman's work we have barely begun to understand the significance of Edelman's ideas both in their own right and with respect to the study of religion Therefore it offers fresh approaches to Edelman's work that necessarily complicate the established interpretations of his thinking With essays by rising and established scholars as well as a response by Edelman himself it contends that by fully engaging Edelman scholars of religion will have to confront negativity and its consequences in ways that will contribute to reshaping the terrain of scholarship on religion race sexuality and social change The insights provided in this book are new territory for much of the study of religion As such it will be of keen interest to scholars of religious studies theology and Biblical studies as well as gender studies and queer feminist and critical race theory
