**BOOK JACKET American Photographs** Walker Evans, Lincoln Kirstein, John T. Hill, Jeffrey Ladd, 2011 Walker Evans American Photographs is widely deemed the most important photobook ever published Originally conceived to be a catalogue to accompany his one man show at The Museum of Modern Art in 1938 the first solo show MoMA had given to a photographer it quickly became a document so definitive of its era that curator John Szarkowski wrote that it was difficult to know now whether Walker Evans recorded the America of his youth or invented it The book opens with images that cite photography immediately establishing a tension between medium and message although it is certainly for the message that Evans has become famous American Photographs points over and over again to the unhappy lot of the poor and the dispossessed in 1930s America Lincoln Kirstein s accompanying essay famous in its own right declares What poet has said as much Only newspapers the writers of popular music the technicians of advertising and radio have in their blind energy accidentally fortuitously evoked for future historians such a powerful monument to our moment And Evans work has in addition intention logic continuity climax sense and perfection American Photographs continues to go out of print for long stretches of time and the first edition of Errata s 2009 spread by spread reprint followed suit This revised edition of that volume presents the original 1938 edition with its 87 legendary black and white photographs reproduced in full page rather than quarter page spreads the classic Kirstein essay and a contemporary essay by Evans scholar John T Hill Born in St Louis Missouri Walker Evans 1903 1975 took up photography in 1928 His book collaboration with James Agee Let Us Now Praise Famous Men 1941 which portrayed the lives of three white tenant families in southern Alabama during the Depression has become one of that era s most defining documents Evans

joined the staff of Time magazine in 1945 and shortly after moved to Fortune where he stayed until 1965 That year he became a professor of photography at the Yale University School of Art Evans died at his home in Old Lyme Connecticut in 1975 The Errata Editions Books on Books series is an ongoing publishing project dedicated to making rare and out of print photography books accessible to students and photobook enthusiasts These are not reprints or facsimiles but complete studies of the original books Each volume in the series presents the entire content page for page of an original master bookwork which up until now has been too rare or expensive for most to experience Through a mix of classic and contemporary titles this series spans the breadth of photographic practice as it has appeared on the printed page and allows further study of the creation and meanings of these great works of art Each volume in the series contains illustrations of every page in the original photobook a new essay by an established writer on photography production notes about the creation of the original edition and biographical and bibliographical information about each artist     *Winnowing* John T. **Walker Evans** John T. Hill,Heinz Liesbrock,2015-11-25 This resplendent volume is the most comprehensive study of Walker Evans s work ever published containing masterful images accompanied by authoritative commentary from leading photography historians The name Walker Evans conjures images of the American everyman Whether it s his iconic contributions to James Agee s depressionera classic book Let Us Now Praise Famous Men his architectural explorations of antebellum plantations or his subway series taken with a camera hidden in his coat Evans s accessible and eloquent photographs speak to us all This comprehensive book traces the entire arc of Evans s remarkable career from the 1930s to the 1970s The illustrations in the book range from his earliest images taken with a vest pocket

camera to his final photos using the then new SX 70 because his regular equipment had become too heavy to carry around The book includes commentary from three of Evans's longtime friends photographers John T Hill and Jerry Thompson and professor emeritus Yale University Alan Trachtenberg Their insight and first hand experience give depth to their critical writings on Evans's work In addition to offering a broad perspective on Evans's work the book also clarifies the photographer's anti art philosophy Eschewing aesthetic hyperbole Evans wanted his pictures to resonate with a wide audience At the same time his natural curiosity made him one of the most inventive photographers of all time What these photographs and writings attest to is a huge and timeless talent which came not from a camera but from Evans's uniquely hungry eye **WALKER EVANS.** Gilles Mora, John T.
