 as a single whole Selfless intimate dedicated to healing and harmony Hermeticism has accompanied and sustained every
 religious epoch and revelation It may be found in all historical cultures from the traditions of India and China in the East to
 the Judeo Christian West It could even be said that Hermeticism is the primal cosmological revelation and the common
 ground of all spiritual traditions Nevertheless in the great revival of mystical esoteric traditions and practices during the last
 century Hermetic tradition in fact Nature herself has been largely ignored Today when the Earth seems most under attack
 Green Hermeticism is especially appropriate The book explores not only the ancient Masters inner science but also their
 science of Nature During spring and summer 2006 Pir Zia Khan convened a series of gatherings to begin to unfold the
 contemporary meaning of ancient sacred science for our time Green Hermeticism is a partial record of that meeting Peter
 Lamborn Wilson explores the many ramifications of the alternative worldview offered by Hermeticism Christopher Bamford
 provides a broad historical overview of the tradition from the Ancient Mysteries to contemporary manifestations of the
 alchemical tradition while Kevin Townley brings a practical dimension to the gathering teaching the preparation of herbal
 elixirs and demonstrating that cosmology and philosophy can become a truly healing path for the Earth Green Hermeticism is
 necessary reading for anyone seeking a spiritual and cultural path for the healing of the current ecological and cultural crisis
 In Alchemy there is an injunction to quicken or revive the dead which is illustrated by a dead tree growing verdant again
 That is exactly what this wonderful and rare work does in awakening human consciousness to its Divine potential and
