## **Walls Travels Along The Barricades:**

*Walls* Marcello di Cintio, 2013-08-20 What does it mean to live against a wall Travel to the world's most disputed edges to meet the people who live alongside the razor wire concrete and steel and how the structure of the walls has influenced their lives In this ambitious first person narrative Marcello Di Cintio shares tea with Saharan refugees on the wrong side of Morocco's desert wall He meets with illegal Punjabi migrants who have circumvented the fencing around the Spanish enclave of Ceuta He visits fenced in villages in northeast India walks Arizona's migrant trails and travels to Palestinian villages to witness the protests against Israel's security barrier From Native American reservations on the U S Mexico border and the Great Wall of Montreal to Cyprus's divided capital and the Peace Lines of Belfast Di Cintio seeks to understand what these structures say about those who build them and how they influence the cultures that they pen in He learns that while every wall fails to accomplish what it was erected to achieve the walls are never solutions each wall succeeds at something else Some walls define Us from Them with Medieval clarity Some walls encourage fear or feed hate Some walls steal Others kill And every wall inspires its own subversion either by the infiltrators who dare to go over under or around them or by the artists who transform them

*Build Bridges, Not Walls* Todd Miller, 2021-04-06 Is it possible to create a borderless world How might it be better equipped to solve the global emergencies threatening our collective survival *Build Bridges Not Walls* is an inspiring impassioned call to envision and work toward a bold new reality Todd Miller cuts through the facile media myths and escapes the paralyzing constraints of a political debate that functions mainly to obscure the unconscionable inequalities that borders everywhere secure In its soulfulness its profound moral imagination and its vision of radical solidarity Todd Miller's work is as indispensable as the love that so palpably guides it Ben Ehrenreich author of *Desert Notebooks A Road Map for the End of Time* The stories of the humble people of the earth Miller documents ask us to also tear down the walls in our hearts and in our heads What proliferates in the absence of these walls and in spite of them Miller writes is the natural state of things centered on kindness and compassion Nick Estes author of *Our History Is the Future Standing Rock Versus the Dakota Access Pipeline and the Long Tradition of Indigenous Resistance* By the time Todd Miller spots him Juan Carlos has been wandering alone in a remote border region for days Parched hungry and disoriented he approaches and asks for a ride Miller's instinct is to oblige but he hesitates Furthering an unauthorized person's entrance into the U S is a federal crime Todd Miller has been reporting from international border zones for over twenty five years In *Build Bridges Not Walls* he invites readers to join him on a journey that begins with the most basic of questions What happens to our collective humanity when the impulse to help one another is criminalized A series of encounters with climate refugees members of indigenous communities border authorities modern day abolitionists scholars visionaries and the shape shifting imagination of his four year old son provoke a series of reflections on the ways in which nation states create the problems that drive immigration and how the abolition of borders could make the world a more sustainable habitable place

for all Praise for Build Bridges Not Walls Todd Miller's deeply reported empathetic writing on the American border is some of the most essential journalism being done today As this book reveals the militarization of our border is a simmering crisis that harms vulnerable people every day It's impossible to read his work without coming away changed Adam Conover creator and host of Adam Ruins Everything and host of Factually All of Todd Miller's work is essential reading but Build Bridges Not Walls is his most compelling insightful work yet Dean Spade author of Mutual Aid Building Solidarity During This Crisis And the Next Miller calls us to see how borders subject millions of people to violence dehumanization and early death More importantly he highlights the urgent necessity to abolish not only borders but the nation state itself A Naomi Paik author of Bans Walls Raids Sanctuary Understanding U S Immigration for the Twenty First Century and Rightlessness Testimony and Redress in U S Prison Camps Since World War II Miller lays bare the senselessness and soullessness of the nation state and its borders and border walls and reimagines in their place a complete and total restoration therefore redemption of who we are and of who we are in desperate need of becoming Brandon Shimoda author of The Grave on the Wall Miller's latest book is a personal wide ranging and impassioned call for abolishing borders John Washington author of The Dispossessed A Story of Asylum and the US Mexican Border and Beyond

Krause, Stefanie Eisenhuth, Konrad H.

Jarausch, 2021-03-11 A wide range of transatlantic contributors addresses Berlin as a global focal point of the Cold War and also assess the geopolitical peculiarity of the city and how citizens dealt with it in everyday life They explore not just the implications of division but also the continuing entanglements and mutual perceptions which resulted from Berlin's unique status An essential contribution to the study of Berlin in the 20th century and the effects global and local of the Cold War on a city
