Southeast Asian Ceramics:

Southeast Asian Ceramics John N. Miksic, 2009 Southeast Asia is known to many as a region teeming with tourist destinations economic opportunities and ex colonies but a lesser known facet is its colourful and myriad cultures in which ceramics form an integral part of the social fabric Focusing primarily on the Classical Period 800 1500 CE this book views ancient Southeast Asian culture through the lens of ceramic production and trade influenced but not completely overshadowed by its powerful neighbour China In this landmark publication noted archaeologist and scholar John N Miksic constructs a vivid picture of the development of Southeast Asia s unique ceramics Along with three contributing authors Pamela M Watkins Dawn F Rooney and Michael Flecker he summarizes the fruits of their research over the last forty years beginning in Singapore with the founding of the Southeast Asian Ceramic Society in 1969 The result is a comprehensive and insightful overview of the technology aesthetics and organization both economic and political of seemingly diverse territories in pre colonial Southeast Asia It is essential reading for all those with an interest in the economic history of the region and also for anyone who seeks a better understanding of the brilliant but too often underestimated material culture of Southeast Asia
