Speed Secrets Ross Bentley, 2003 *Speed Secrets 6* Ross Bentley, 2007-01-15 With racing as with almost any pursuit being the best entails having a clear idea of what the best is having a mental model that instructs and motivates and inspires That's where *Speed Secrets 6* comes in Drawing on his extensive experience as a competitive driver and coach author Ross

Bentley helps the aspiring professional and the ambitious amateur develop the mental model that is essential for successful racing. His book reviews the techniques needed to drive fast win races and build a career as a professional race driver and then more importantly schools readers in the process of turning this clear mental picture into racing perfection. **Basic Course in Race Car Technology** Lars Frömmig, 2023-03-28 The focus of the book is on the driving dynamics of racing vehicles. The interaction of the tyre, the aerodynamics of the chassis and the limited slip differential specific to racing vehicles is dealt with. A chapter on the basics of vehicle dynamics makes it possible to get started with this topic even without prior automotive engineering training. A historical review and a consideration of the essential safety aspects create an understanding of higher level requirements which are specified for example by the technical regulations. *The Lost Art of High-Performance Driving* Ross Bentley, 2017-07-01 In *Speed Secrets: The Lost Art of High Performance Driving* Ross Bentley explains in plain language how you can train yourself to become a true performance driver. With the promise of autonomous vehicles in our near future and current cars equipped with driver aides it's not hard to feel like the art and science of performance driving has been all but lost. Don't lose hope. For every device designed to take the act of driving out of your hands the desire to actively participate in driving a car becomes even stronger for driving enthusiasts. In *Speed Secrets: The Lost Art of High Performance Driving* you will learn exactly how to become an even better performance oriented driver whether it's to enjoy a twisty mountain highway to take that secret back road route to work or even participate in a track day on a racing circuit. From how to best use your car's controls to cornering to dealing with adverse driving conditions *The Lost Art of High Performance Driving* will make you a better performance driver. Along the way you'll learn what ABS, traction and stability control, self-braking systems and semi-automatic transmissions do and how best to incorporate them into your driving. This is the true guide to speed and it will help you understand your car more intimately than ever. Most importantly it will fuel your passion for driving. **Speed Secrets 4** Ross Bentley, 2005-02-18 Ross Bentley Race teams have discovered great benefits can be derived from tuning their driver to perform at his/her full potential. Thus this book is for everyone who works with a driver: engineers, crew chiefs, team owners, mechanics and the driver's parents. This unique book instructs the driver's support team how to prepare and communicate with the driver so the driver delivers the best performance in races, practice sessions and off-track team functions. Written by veteran racer and driving coach Ross Bentley this book helps the driver's support team devise effective approaches to tuning their driver. It will help them identify techniques that do and don't work with their specific driver. The result should be better communication and a driver who is tuned for success. **Speed Secrets 5** Ross Bentley, 2006-01-05 To succeed in any form of racing a driver must be more than fast. In today's ultra-competitive motorsports scene where there's competition for financial support as well as for checkered flags a racer must have a full complement of on and off-track skills. To become a champion a driver must augment his or her racing testing and physical skills with traits and skills such as mental toughness, marketing savvy and career building abilities. *Speed Secrets 5*
