The Cultural Legacy of Disney Robyn Muir, Emily Aguiló-Pérez, Hannah Helm, Rebecca Rowe, 2024-08-06 This book critically engages with the Walt Disney Company as a global media conglomerate as they mark their 100th year of business. It reflects on and looks forward to the past, present and future of the company and the scholarly engagement surrounding it through three key areas: Disney as a Company, Disney's Representations and Relating to Disney. Disney as a Company identifies the corporate and management cultural changes over Disney's 100 year history with contributors examining Disney's transnational media influence, changes in management strategy and Disney's recent transmedia venture. Disney's Representations features chapters critically engaging with gender, disability and iconic characters that imply cultural change. Relating to Disney embodies the crucial work examining how audiences engage with Disney with contributors exploring fashion, Disney Fandom and identity and how people engage with the space of the Parks. This edited collection explores the newer additions to the company but also reflects on the company's past over its 100 years. The chapters provide a diverse examination of the many facets of one of the most successful global media conglomerates providing scholars, students and interested audiences a global and interdisciplinary snapshot of the Walt Disney Company at 100 years. *An Introduction to Global Media for the Twenty-First Century* Ole J. Mjøs, 2022-12-01 An Introduction to Global Media for the Twenty First Century provides a thorough introduction to the field of global media today. The book presents the key changes taking place as the global media landscape evolves and the main theories of the field that explain these developments. Tracing first the formative development of an international and global media landscape throughout the 20th century from the telegraph, television and film export and transnational television to the Internet, the book then focuses on developments in the 21st century. This includes the digitization of the global media and communications sector, the popularization of the Internet and digital infrastructure such as the smartphone and platforms, the emergence of global online media and services, the production and distribution of digital media content and the exploitation of user data. Case studies illustrate key developments throughout the book. The book shows how the field is characterized by a continuity of critical concerns in relation to power, influence and domination, media user empowerment and exploitation and social and sustainable development and democratic conditions as well as geopolitical shifts in a global context. *Reasserting the Disney Brand in the Streaming Era* Robert Alan Brooke, Jason Phillips, Timothy Pollard, 2023-04-07 Reasserting the Disney Brand in the Streaming Era investigates the evolution of the Disney brand at a pivotal moment: the move from content creation to acquisition and streaming and how the company reasserted its brand in a changing marketplace. Exploring how Disney's acquisition of Pixar, Marvel, Lucasfilm and Fox positioned the company to launch the Disney streaming service, the chapters look at the history of those acquisitions and the deployment of the content brands and intellectual property from those acquisitions through an analysis of the original content that appeared on Disney. Offering a focused investigation of how the

content offered from these various media brands was adapted for Disney so that it reflects the Disney brand the authors illustrate through close textual analysis how this content reflects elements of the Classic Disney Style The analysis positions these texts in relation to their industrial contexts while also identifying important touchstone texts both television and film in Disney's catalog This comprehensive and thoughtful analysis will interest upper level students and scholars of media studies political economy Disney studies media industries and new technology Better Homes and Gardens, 1999 *Beyond the Screen* Frank A. Aycock, 2005-11-26 Written in an accessible style this book explores the complex future of television across its different industries providing professional producers with key insights and pathways to adapt and prepare By exploring traditional media industries and how they have come to make up today's streaming and broadcasting media world the text provides a detailed discussion of the future of systems programming and television viewing This includes a wide range of topics such as internet protocol television IPTV set top boxes STBs ATSC 3.0 virtual reality VR holographic television and artificial intelligence AI as well as other cutting edge technologies Additionally this book examines the future of content monetization by exploring the new and sometime controversial ways of advertising product placement and search and promotion that will be required to be financially successful in this future television environment Beyond the Screen is an indispensable addition to the library of every television professional academic student and television viewer who wants to know where this fascinating world of television is heading and what it will take to be successful within it Econoguide to Disney World Corey Sandler, 1993 *The Economist*, 1994 *Brandweek*, 2004 Dealerscope Consumer Electronics Marketplace, 1996 **Funworld**, 2001 **Florida and Walt Disney World Resort in Florida** Melanie Dakin, 2005 A family travel guide to Florida including Walt Disney World Universal Theme Parks and other major attractions **Playthings**, 1963 **Birnbaum's Walt Disney World Without Kids** Pamela S.
