have become less relevant and algorithms are incentivizing new styles of content. New skills are necessary to create advertising that builds brand and sales. In his latest book, Vaynerchuk argues that today's fast-growing businesses, brands, content creators, and influencers have one thing in common: They mastered storytelling in areas of underpriced attention, which predominantly exists across a handful of social media platforms. Informed by 20 years of business and marketing success, he contends that the biggest transformation and opportunity is the TikTokification of Social Media. Increasingly, platforms are distributing content based on what users are interested in rather than who they follow. In *Day Trading Attention*, Gary offers detailed advice on how small businesses, large corporations, and creators can understand attention, what it is, where it is, where it's underpriced, and how to leverage it. Produce relevant strategic content. Use modern advertising platforms to build brand and grow sales in today's rapidly changing environment.

Hiding in the Bathroom Morra Aarons-Mele, 2017-09-26 Introverts will love this practical and moving guide to building a career network and life you love. Susan Cain, author of *Quiet*, from the marketing guru and host of the popular podcast *Hiding in the Bathroom*, a breakthrough introverts guide that broadens the conversation sparked by *Quiet* and moves away from the Lean In approach, offering wisdom and practical tips to help readers build strong relationships and achieve their own definition of professional success. Most ambitious people believe that reaching the peaks of success means being on 24/7 tirelessly networking, deal making, and keynoting conferences. This is nonsense, says Morra Aarons-Mele. As an eminent entrepreneur with a flourishing business and a self-proclaimed introvert with lots of anxieties, Morra disagrees with the notion that there's only one successful type: the intense, super-social, sleep-deprived mover and shaker, the person who musters endless amounts of grit. *Hiding in the Bathroom* is her antidote for everyone who is fed up with feeling like they must always lean in, who prefer those moments of hiding in the bathroom to constantly climbing the ladder or working the room. Morra knows what it takes to make your mark, and now this entrepreneur, who has boosted the online strategy of clients such as the Malala Fund, President Obama, the UN Foundation, and the Bill and Melinda Gates Foundation, shares the insights, tricks, and knowledge she's learned. Filled with advice, exercises to help readers evaluate their own work-life fit, and manage anxiety, valuable tools, and stories of countless successful people, entrepreneurs, academics, and novices just beginning their careers, *Hiding in the Bathroom* empowers professionals of all ages and levels to take control and build their own versions of success. Thoughtful and practical, it is a must-have handbook for building a fantastic, prosperous career and a balanced, happy life on your own terms.

Castle Danger - The Mental States Anthony Neil Smith, 2017-10-10

American crime, Nordic style. Hey, it's me again, Manny. Are you surprised? It's the dress, right? You'll get used to it. So when we last met, I'd been fired, assaulted, chased by cops and criminals alike, and coerced into a political conspiracy. This time, I'm working for the next governor of the state of Minnesota. Alongside Joel. Sort of. He's still adjusting to the new me. But corruption spreads like fire, and somebody has to douse the flames. Here's the thing: They say that knowledge is power. But nobody tells you that what you know can be the death of you. The CASTLE DANGER saga continues in THE MENTAL STATES as Manny and Joel work together, doing what they do best: getting into deep trouble. State Senator Andrew Marquette looks like a shoo-in for the governorship, appealing to votes across the political spectrum, and he's brought Manny and Joel aboard to help steer the ship. But when one of Marquette's most trusted advisors goes missing, our heroes can't help but play detective once again, in spite of everyone around them trying to block their path. Is there more to this disappearance than meets the eye? It will take a harrowing journey around Minnesota's backwoods, the back alleys of the Twin Cities, and the mysterious dark web online, where some sick individuals pay a fortune to see their most depraved wishes come true.

About the Author: Anthony Neil Smith is a Professor and the Chair of English at Southwest Minnesota State University. He is the author of various previous novels. Originally from the Mississippi Gulf Coast, he now lives on the frozen prairie with his wife, two needy dogs, and two sneaky cats.
