Scott La Counte, 2022-08-26. Fold Back the Power of the Foldable Phone. If you are old enough you probably remember your first flip phone. There wasn't a lot to it but you could text, take pixelated photos, and sometimes even search the Internet. But then smartphones came along and things got a little bulkier. For most of us we were fine with the tradeoff, sure they didn't fold into two so we could slip them into our pocket but they took stunning photos, played impressive games, and had blazing speed. But as they say history tends to repeat. Here we are years after flip phones pretty much disappeared and we have foldable phones. But these aren't your grandma's flip phones. They're everything you can expect in a smartphone but compact. If you are new to the foldable phone market there's a little bit of a learning curve and that's where this book will help. It will cover What makes Fold4 and Flip4 different from iOS, Android, and other smartphones. Taking advantage of folding screens. Using the Z Pen. Setting up your phone. Making calls.
