JavaScript** Bruce Hopkins Jr.,Bruce Hopkins Sr.,2025-03-26 Transform your JavaScript expertise through the power of Open  
AI API models using Creating ChatGPT Apps with JavaScript This book will guide JavaScript developers to build smart

applications while providing tangible knowledge of OpenAI's API for text summarization creating transcripts from audio files generating images and running models locally on your machine. Through hands on projects and code examples readers will discover how to build AI powered apps from scratch such as using embeddings to train a Discord bot to answer customers questions in multiple languages. Readers will also learn to dictate text for writing articles or blogs with a localized integration of Whisper and generate hero images with Dall E. What's more in the final chapter of this book you'll be able to maximize productivity by creating a Smart Assistant like Alexa or Siri with JavaScript and the new Raspberry Pi 5. From seasoned developers to newcomers this book offers something for everyone. Not only will readers learn to build apps with ChatGPT and JavaScript but they will also learn best practices for prompt engineering. They'll understand how AI models can enhance workplace efficiency and utilize natural language processing NLP to make interactions with applications feel well natural. The end result is expert knowledge in leveraging ChatGPT programmatically and incorporating the technology into diverse applications. What You Will Learn Gain a deeper understanding of ChatGPT and how OpenAI's models work and different ways to implement each of their various features. Authenticate with ChatGPT and OpenAI's API and learn to send prompts with best practices with prompt engineering. Streamline productivity and content creation by leveraging transcription generation for dictation and image generation for creating hero images. Stay ahead of the game by incorporating different new features of OpenAI's API and understanding more complex concepts like using GPT 4 to train a Discord bot with an FAQ to assist with multilingual tech support. Who This Book is for This book is written for JavaScript developers and hobbyists that want to use OpenAI and ChatGPT to create intelligent applications and streamline productivity. No prior experience with ChatGPT or OpenAI APIs is required.

**OpenAI Function Calling Techniques** William Smith, 2025-08-19
