

Walking for weight loss

Do not underestimate walking as a means of losing weight only because during training, sweat does not flow and the muscles do not ache. In fact, it is very effective.

Any kind of walking is always energy expenditure, which invariably leads to losing weight. The only question is how many calories are burned in the process of such a sport. This indicator depends on such factors as initial weight and speed.

For 1 kg of weight for an hour is spent:

in the average tempo (3-4 km / h) - 3.2 kcal;

at a fast rate (6-7 km / h) - 4.5 kcal;

at a very fast pace, almost running (8-9 km / h) - 10 kcal.

In order not to make complex calculations yourself, you can use the following table:

Gets the Blues Marie-Annette Brown,Jo Robinson,2002-02-23 Millions of women don't feel their best and don't know why. They're not outright depressed but they aren't really happy either. They eat too much or have gained weight lately. They find it hard to concentrate or have trouble sleeping. They feel tense, anxious or irritable or they're highly sensitive to criticism. They're tired and not very interested in sex or even everyday life. When Your Body Gets the Blues offers a clinically proven solution. A simple drug-free treatment known as the LEVITY program (Light Exercise and Vitamin Intervention Therapy) can help women think clearly, sleep soundly, cope easily with stress, reduce anxiety and depression, and lose unwanted pounds in 8 weeks or less. The author's easy-to-follow program includes self-quizzes, tips for increasing exposure to light, and getting mood-elevating exercise even on dark or rainy days, and six recommended vitamins and minerals proven to relieve the Body Blues. Marie-Annette Brown, Ph.D., R.N., tested the LEVITY program on real women and they improved significantly far more than women who took placebo pills. In fact, many participants cut their feelings of depression in half. One woman who completed the LEVITY program said, "I know that if I ever feel blue again, I have my own way of feeling better. I won't have to run to my doctor for a prescription." Now for the first time, When Your Body Gets the Blues offers the groundbreaking LEVITY program to women everywhere. All it takes is a small investment of 20 minutes and a few pennies a day. With this clinically proven program, any woman, young or old, active or inactive, can regain control over her mood and her life. **Fitness Walking For Dummies** Liz Neporent,2000 Call it power walking, fitness walking, or just plain walking.
