Gaming Laptop Deal:

Black Friday and Cyber Monday Guide HowExpert, Tammy Marshall, 2017-12-19 Have you ever wondered how to save during the holidays Presents and pampering guests there are all sorts of ways that you willingly spend during this season The trick you may not know is that there are special days during the holiday season that you will save the most money Stores know this you can too Our guide is designed to help you save your green during the festivities You won't be a scrooge when you get your hands on the savings we've listed In this book you will find answers to the following questions What is Black Friday and how do I get in on the savings What is Cyber Monday and will it ever be Black Friday What is Travel Tuesday How do I stay safe online Where are the best deals What are some of the latest scams Is Black Friday worth it Is it better to shop online or in the store What goods should I buy in the store What should I buy online How do I keep my bank account secure What websites should I visit to help me find deals What kind of mindset do I need to become a savvy shopper Should I buy electronics online About The Expert Tammy Marshall is a savvy shopper She's been one her entire life She lives to save money Her other passion is sharing how she finds new ways to save green Tammy also deplores cyber crooks Her mission is to uncover the latest scams so she can share them with you and help you protect your wallets She's a professional journalist and has been writing for 20 years When she isn't finding new ways to spend less she is working on her family farm and growing her own veggies and displaying them at the county fair She loves growing food like she loves to save dollars For her she doesn't just enjoy the thrill of shopping She enjoys seeing prices drop while she fills her cart and her pantry at home HowExpert publishes quick how to guides on all topics from A to Z by everyday experts **A Hacker, I Am** Craig Ford, 2019-09-07 This book is not your normal cybersecurity book it's not meant to be read from front to back chapter by chapter you open it up and pick which chapter piques your interest the most and read that one first Then choose your next one and read that and continue the process until you have finally read all of them You may have enjoyed them enough to go back and read your favourites again or you may prefer the last two fantasy chapters at the end of the book These were created to introduce you to the future hacker fantasy series that is currently being written and give you my readers a bit of a fun finish to A Hacker I Am By all means though if you want to stick to the old fashioned method of reading a book knock yourself out and read it from the front to the back hey you bought the book you should be able to read it however you want too This book is a collation of previous work rewritten and adapted for this book I have then written a lot of new content just for the book including those fantasy book teasers which I hope you all enjoy The book as you would have probably guessed it by now is all about Cyber Security but it's not written to be overly technical it's written so that it can be understood by anyone who wants to learn more about how to better protect themselves It covers many topics in cybersecurity including IoT autonomous cars hackers and many more that I have an opinion on This book will be great at helping introduce individuals to the area and help them get a better understanding of what to look out for what problems we are all going to face in the

future but also have a bit of fun while we are at it Or if you are already in the industry then it will be still an entertaining read that can help give you a different perspective on a few things *Computer Gaming World* ,2004 *HWM* ,2008-09
