percentage of all water used It stands to reason then that the most significant change you can make is to your bathroom habits Everyone loves a long hot shower but do try to limit your shower time to around five minutes To help you stick to this rule find a five minute long song that you can play while showering and make sure you re finished when it ends Limiting your shower time is pointless if you re allowing the shower water to drain away while it warms up To solve this collect that initial stream of cold water in a container You can then use that water to flush your toilet Besides trying to minimize the number of times you flush check your toilet for leaks After all leakages are the biggest waste of water You may think these small actions won t make much of a difference but there are over 23 million people in Taiwan If everyone takes steps to waste less water the nation s water security is all but assured News Report Huge Locust Outbreak Hits East Africa Heads Beyond People Florence Pugh Hollywood s Confident Newcomer History Denim Jeans From Worker Safety to Fashion Staple CNN News Who Are BTS BTS Dialogue Focus Different Jobs Becoming a Professional Gamer Internet How to Protect Your Smart Home from Hackers Travel Camino de Santiago The Walk of a Lifetime Writing Translation Practice Reading Skill The Black Poodle Environment Waste Not Want Not Plus Talk Expressing Opinions 1 Discussing a New Policy 2 Choosing a Place for Dinner 3 Deciding on Evening Plans 4 Holding an Evaluation Meeting Biology Facts about Viruses Debate Adventure Tourism a Risky Business Topic Writing A Letter to the Teacher **Parliamentary Debates** New Zealand.
