A dramatic landscape photograph of a rocky beach at sunset or sunrise. The sky is filled with dark, heavy clouds, with a bright orange and yellow glow from the low sun reflecting on the water and the wet rocks. The foreground is a dark, pebbly shore.

The warrior: silent in his struggle,
undetainable because he has nothing
to lose, functional and efficacious
because he has everything to gain.

Carlos Castaneda

Ord Elliott

The Warriors Silence:

The Warrior's Silence Ord Elliott, 2012-09 Ord Elliott was a Marine Rifle Platoon Commander in Vietnam in 1967 Although the Vietnam War has been over for many years a sense of something lost lingers within Ord He digs deep to confront the emotions that underlie his experience of combat and after each battle deals with his emerging understanding of war and of the warriors that marched with him back then and today **Silence in the Land of Logos** Silvia Montiglio, 2010-05-17 In ancient Greece the spoken word connoted power whether in the free speech accorded to citizens or in the voice of the poet whose song was thought to know no earthly bounds But how did silence fit into the mental framework of a society that valued speech so highly Here Silvia Montiglio provides the first comprehensive investigation into silence as a distinctive and meaningful phenomenon in archaic and classical Greece Arguing that the notion of silence is not a universal given but is rather situated in a complex network of associations and values Montiglio seeks to establish general principles for understanding silence through analyses of cultural practices including religion literature and law Unlike the silence of a Christian before an ineffable God which signifies the uselessness of words silence in Greek religion paradoxically expresses the power of logos for example during prayer and sacrifice it serves as a shield against words that could offend the gods Montiglio goes on to explore silence in the world of the epic hero where words are equated with action and their absence signals paralysis or tension in power relationships Her other examples include oratory a practice in which citizens must balance their words with silence in very complex ways in order to show that they do not abuse their right to speak Inquiries into lyric poetry drama medical writings and historiography round out this unprecedented study revealing silence as a force in its own right **A Broken Silence** Samuel Kennedy Cowan, 1883 **Into The Dark Lands** Michelle Sagara West, 2005-08-11 War has its cost and the Servants of the Bright Heart and the Servants of the Dark Heart have been locked in a struggle that has defined life and death for millennia But the end is coming and only the Lady who has served the Bright Heart for the whole of her immortal life has seen it in a vision that spans time and demands the highest of prices Erin is a healer and against the nature of her birthright she has learned to wield a sword and use it to bring death to the enemies of her people Scarred by the losses that war always demands she is the chosen champion of Light and the enemy of darkness But no magical sword or simple quest awaits Erin Her journey and her doom lie in the Dark Heart's stronghold and in the hands of her people's greatest enemy *The masterpiece library. Penny popular novels, ed. by W.T. Stead* Masterpiece library, 1896 **Deathstalker** Simon R. Green, 2016-05-04 Owen Deathstalker last of the infamous warrior Clan always considered himself more of a writer than a fighter preferring his history books to making any actual history with a sword But books won't protect him from Her Imperial Majesty Lionstone XIV who just Outlawed and condemned Owen to death without any explanation reason or warning No wonder she's called the Iron Bitch Now on the run from Imperial starcruisers shady mercenaries and just about everyone else in the Empire Owen's options are limited Though the name Deathstalker still

commands respect in certain quarters out on the Rim Owen is lucky he can cobble together a makeshift team of castoffs including an ex pirate a cyborg and a bounty hunter But allies won t be enough to save him If he s to live Owen can either run forever or take down the corrupt Empire To do that he ll need the fabled Darkvoid Device an artifact dating back to the first Deathstalker and perhaps the only weapon powerful enough to help this ragtag rebellion win The time has come for Owen to finally embrace his Deathstalker heritage and all the blood and death that go along with it Deathstalker is the first book in New York Times bestselling author Simon R Green s beloved space opera series Praise for the Deathstalker series Green blends derring do space battles and wry banter aplenty to form an eminently satisfying space opera Booklist The action is fast and frenzied consistently entertains with some wondrously quirky and warped characters Locus An over the top masterpiece that veers between brutal comedy and touching riffs on love loyalty and betrayal bloody funny and extremely bloody The Guardian UK
