

THE WEALTH OF NATIONS

ADAM SMITH

The Wealth Of Nations

Adam Smith

The Wealth Of Nations:

The Wealth of Nations Adam Smith, 2000-11-14 Adam Smith's masterpiece first published in 1776 is the foundation of modern economic thought and remains the single most important account of the rise of and the principles behind modern capitalism. Written in clear and incisive prose, *The Wealth of Nations* articulates the concepts indispensable to an understanding of contemporary society and Robert Reich's Introduction both clarifies Smith's analyses and illuminates his overall relevance to the world in which we live. As Reich writes, Smith's mind ranged over issues as fresh and topical today as they were in the late eighteenth century: jobs, wages, politics, government, trade, education, business, and ethics. Introduction by Robert Reich. Commentary by R. H. Campbell and A. S. Skinner. Includes a Modern Library Reading Group Guide. "An" *Inquiry Into The Nature And Causes Of The Wealth Of Nations* Adam Smith, 1801

The Wealth of Nations Adam Smith, 2019-01-08 *The Wealth of Nations* is the magnum opus of the Scottish economist and moral philosopher Adam Smith. First published in 1776, the book offers one of the world's first collected descriptions of what builds nations' wealth and is today a fundamental work in classical economics. Through reflection over the economics at the beginning of the Industrial Revolution, the book touches upon such broad topics as the division of labour, productivity, and free markets. *The Wealth of Nations* is a clearly written account of economics at the dawn of the Industrial Revolution. The book was a landmark work in the history and economics as it was comprehensive and an accurate characterization of the economic mechanisms at work in modern economics. Smith believed in a Meritocracy. Smith emphasized the advancement that one could take based on their will to better themselves. This is simply one of the most important books ever written on the subject of economics.

The Wealth of Nations, Vol. 1 (Classic Reprint) Adam Smith, 2017-10-20 Excerpt from *The Wealth of Nations* Vol 1. In this new edition of an often republished work, no attempt has been made as has generally been done to bring it up to date by a vast accumulation of footnotes. The book has been regarded exclusively from the historical side in the belief that in that form it will be most useful to the student. Footnotes are given only when they have seemed absolutely necessary as correctives of the text, and the short introductory sketch of the history of political economy gives an outline of the development of the science both before and after the epoch which was marked by the publication of this work.

E. B. B. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
