The video game console that you choose to play video games on as a heroic character will also have bearing on affecting the value of your future video game collection. The types of video game consoles that people can play video games on as a heroic character are not limited to home video game consoles. The types of video game consoles that people can play video games on as a heroic character encompass handheld video game consoles, home video game consoles, and hybrid video game consoles. The least common type of video game console is a hybrid video game console. A hybrid console allows people to be able to play video games at their abodes and at remote locations that are away from their flat screen televisions. The Nintendo Switch is deemed to be a hybrid video game console primarily because it cannot only be connected to a flat screen television but can also allow people to play video games at remote locations that are away from flat screen televisions due to the Nintendo Switch having a built-in screen embedded in it. A hybrid console is able to not only serve as a home video game console but can also double as a handheld video game console which thereby allows it to have tremendous utility as a video game console. A hybrid console is able to appeal to both handheld video game console gamers and home video game console gamers alike. The Nintendo Switch is not the only hybrid video game console. The Nintendo Switch OLED and the Steam Deck are also deemed to be hybrid video game consoles. The Nintendo Switch OLED and the Steam Deck are deemed to be hybrid consoles primarily because they cannot only be connected to a flat screen television but can also allow people to play video games at remote locations that are away from flat screen televisions due to them having a built-in screen embedded in them.
