The Unequal Homeless The Unequal Homeless:

The Unequal Homeless Joanne Passaro, 1996 The Unequal Homeless focuses on the ways that the life chances of homeless people are very much determined by their positions in race gender and family values hierarchies Passaro uses her work on the homelessness in New York as a basis

Citizen Hobo Todd DePastino, 2024-05-31 In the years following the Civil War a veritable army of homeless men swept across America's wageworkers frontier and forged a beguiling and bedeviling counterculture known as hobohemia Celebrating unfettered masculinity and jealously guarding the American road as the preserve of white manhood hoboes took command of downtown districts and swaggered onto center stage of the new urban culture Less obviously perhaps they also staked their own claims on the American polity claims that would in fact transform the very entitlements of American citizenship In this eye opening work of American history Todd DePastino tells the epic story of hobohemia's rise and fall and crafts a stunning new interpretation of the American century in the process Drawing on sources ranging from diaries letters and police reports to movies and memoirs Citizen Hobo breathes life into the largely forgotten world of the road but it also crucially shows how the hobo army so haunted the American body politic that it prompted the creation of an entirely new social order and political economy DePastino shows how hoboes with their reputation as dangers to civilization sexual savages and professional idlers became a cultural and political force influencing the creation of welfare state measures the promotion of mass consumption and the suburbanization of America Citizen Hobo's sweeping retelling of American nationhood in light of enduring struggles over home does more than chart the change from homelessness to houselessness In its breadth and scope the book offers nothing less than an essential new context for thinking about Americans' struggles against inequality and alienation

Camping Grounds Phoebe S.K. Young, 2021-04-01 *Camping Grounds* narrates a quintessentially American tradition of sleeping outdoors from the Civil War to the present that will appeal to academics outdoor enthusiasts and general readers alike

Informed Consent Lisa R. Schiff,2003-08-04 How many Americans are homeless Although taking a census may sound simple ensuring an accurate count is the least of its problems Census takers in all walks of life exercise great care in determining what information is to be collected how it is to be recorded and how the findings are ultimately to be presented But who decides which evaluation frameworks and indicators are to be used Do all concerned census takers and respondents view those indicators in the same manner Do institutional and social imperatives outweigh individual bias and perspective And if so is that really what we want Informed Consent analyzes the interplay between ideology and information Through extensive research on how information about the homeless is generated and interpreted Lisa Schiff offers both hard evidence and a convincing argument for questioning how service providers create forms and clients complete them how advocates administer surveys and public agencies compile counts At the same time she explores the day to day implications of her findings by demonstrating how competing understandings affect prevailing ideologies which in turn affect our attempts at social change **Women and Homelessness in Europe** Bill Edgar,Joe Doherty,FEANTSA (Organization),Joint Centre for Scottish Housing Research,2001 This unique volume provides for the first time a picture of the nature and causes of homelessness among women across the European member states Its findings will stimulate further research and encourage transnational cooperation in the development of appropriate policies and support services Women and homelessness in
