## Zacchaeus Science Lessons:

**The Science to Become God** Franz Warley,2025-12-01 On this planet there have been men who were the true embodiment of God individuals such as Jesus Siddhartha Gautama and Krishna whose lives were faithful representations of the divine will They were not magical or mystical creatures but men who learned a science a knowledge that elevated them to the point of performing any miracle and uniting themselves completely with God Such knowledge has always been concealed by the interests of oppressors among all peoples and each time a master arose on Earth to transmit it the oppressors distorted it rendering it confusing and empty turning it into religion But today this ancient knowledge is accessible and clearly recorded here so that every human being may become master of himself so that every human being may become God    *The Congregationalist* ,1922    **Latent Religious Resources in Public School Education** Charlotte Easby-Grave,Conrad Augustine Hauser,Gilbert Malcolm Fess,Wace,1923    **The Christian Science Journal** ,2009
