[Agony of Capitalism and the Task](#) Leon Trotsky, George Novack, Joseph Hansen, 1974 **The Transitional Program for Socialist Revolution** L. D. Trockij, 1973 **Trotsky, Trotskyism and the Transition to Socialism** Peter Beilharz, 2019-11-19 First published in 1987 Trotskyists have long dominated the revolutionary tradition on the Western left Written from a critical socialist standpoint this book provides an analysis of Trotskyism and argues that Trotskyism is increasingly irrelevant as a means of achieving socialism It argues that as the realisation grows that the revolutionary tradition and the authoritarianism which necessarily result from it are wrong the importance of the problem of the transition to socialism increases It argues that on this point Trotskyism is weak that Trotskyism s proposals for socialist transition are largely rhetorical and that its democratic impulse is weak It supports this argument by showing that Trotsky s philosophy of history implicit in his writings which the author characterises as evolutionary and necessitarian coupled with a failure to grasp the moral basis of the socialist case has a disabling effect on Trotsky s account of the transition to socialism and on his explanation of Stalinism Moreover it argues that Trotsky s intellectual and political heirs have been unable to escape from the contradictions inherent in his thought [The Transitional Program](#) Leon Trotsky, 1998 [The Death Agony of Capitalism and the Tasks of the Fourth International](#) Leon Trotsky, 1972 **Transitional Program** Leon Trotsky, 1979
