The Russian North is an amazing fabulous land He is sung in our ancient songs epics traditions and legends And not only in them The most ancient myths of Greece tell about the distant northern side of Hyperborea which lies near the coast of the cold Cronian Ocean They told us that it was here behind the harsh northeastern wind of Boreas that there is a land where a wonderful tree with golden apples of eternal youth grows At the foot of this tree feeding its roots a spring of living water gushes the water of immortality Here for the golden apples of the maiden birds of the Hesperides the hero Hercules once went In the far north in Hyperborea at Tartessa the city where the wonders of the whole world sleep until the time comes for them to be born and come out to mortals on earth the golden boat of the Sun was waiting for Hercules And this is not surprising because Hyperborea is the birthplace of the solar Apollo and here according to the ancient Greek myth snow white winged swan horses brought him here every summer **Encyclopedia of Greece and the Hellenic Tradition** Graham Speake,2021-01-31 Hellenism is the living culture of the Greek speaking peoples and has a continuing history of more than 3 500 years The Encyclopedia of Greece and the Hellenic Tradition contains approximately 900 entries devoted to people places

periods events and themes examining every aspect of that culture from the Bronze Age to the present day The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition Language and religion are perhaps the most obvious vehicles of continuity but there have been many others law taxation gardens music magic education shipping and countless other elements have all played their part in maintaining this unique culture Today Greek arts have blossomed again Greece has taken its place in the European Union Greeks control a substantial proportion of the world s merchant marine and Greek communities in the United States Australia and South Africa have carried the Hellenic tradition throughout the world This is the first reference work to embrace all aspects of that tradition in every period of its existence
