homecoming to Rome Kentucky sparks a new romance and lots of drama between two old family friends from the New York Times bestselling author of *When in Rome Practice Makes Perfect* and *Beg Borrow or Steal* Madison Walker left Rome Kentucky determined to make it in the culinary world But after years of chasing success in New York all she has to show for it is her shattered confidence and a desperate need for a fresh start Coming home isn't part of the plan until an unexpected job offer lands in her lap the head chef position at a new farm to table restaurant in her hometown The only catch It comes from James Huxley owner of Huxley Farm her brother's best friend James has always played it safe keeping his head down and running the family business But when Madison's happiness is on the line he's willing to take up his estranged brother's offer to launch a restaurant James has loved her quietly for years knowing she's never seen him as more than an annoyance but now that she's back he's determined to change that Madison and James are tasked with launching the dreamy restaurant in record time but keeping things strictly professional soon becomes impossible and the town can't help but meddle in their relationship As opening night looms closer Madison's fears threaten to hold her back When an unexpected disaster collides with a long simmering sibling feud both Madison and James will have to face their biggest insecurities and decide if love is worth the risk or if some dreams are safer left untouched

Misbelief Dan Ariely, 2023-09-19 In this thoughtful moving and well written book Dan Ariely narrates his personal and professional journey to understand the world of misbelievers and conspiracy theories and offers insights and tips that will hopefully help all of us protect our fragile social fabric from being torn apart by disinformation and distrust Yuval Harari bestselling author of *Sapiens* *Misbelief* is an urgent examination of the human attraction to misinformation This timely book can provide a crucial foundation for building a more empathetic and informed society Daniel H Pink 1 New York Times bestselling author of *The Power of Regret* The renowned social scientist professor and bestselling author of *Predictably Irrational* delivers his most urgent and compelling book an eye opening exploration of the human side of the misinformation crisis examining what drives otherwise rational people to adopt deeply irrational beliefs Misinformation affects all of us on a daily basis from social media to larger political challenges from casual conversations in supermarkets to even our closest relationships While we recognize the dangers that misinformation poses the problem is complex far beyond what policing social media alone can achieve and too often our limited solutions are shaped by partisan politics and individual interpretations of truth In *Misbelief* preeminent social scientist Dan Ariely argues that to understand the irrational appeal of misinformation we must first understand the behavior of misbelief the psychological and social journey that leads people to mistrust accepted truths entertain alternative facts and even embrace full blown conspiracy theories Misinformation it turns out appeals to something innate in all of us on the right and the left and it is only by understanding this psychology that we can blunt its effects Grounded in years of study as well as Ariely's own experience as a target of disinformation *Misbelief* is an eye opening and comprehensive analysis of the psychological drivers that cause otherwise rational people to adopt deeply irrational beliefs Utilizing the latest research Ariely reveals the

key elements emotional cognitive personality and social that drive people down the funnel of false information and mistrust showing how under the right circumstances anyone can become a misbeliever Yet Ariely also offers hope Even as advanced artificial intelligence has become capable of generating convincing fake news stories at an unprecedented scale he shows that awareness of these forces fueling misbelief make us as individuals and as a society more resilient to its allure Combating misbelief requires a strategy rooted not in conflict but in empathy The sooner we recognize that misbelief is above all else a human problem the sooner we can become the solution ourselves
