2021 Fantasy Football Almanac Sean Ryan, 2021-06-11 Updated June 11th and includes analysis of the Julio Jones Trade Have you noticed most 2021 Fantasy Football Magazines and Fantasy Football Books tend to recycle the same information the same sleepers and the same tiers This is because they're all using the same information last year's stats Last year's stats won't tell you how Justin Herbert will acclimate to his new offense or what new head coach Arthur Smith or the trade of Julio Jones will impact the Falcons offense A few years ago I was like everyone else I scoured the Internet and Fantasy Football publications searching for any advantage I found myself reading 10-15 different books that all wound up telling me the same thing Making things worse they were telling all of my competition as well That's when sleeper picks become overhyped and overdrafted To avoid draft day misses I knew I had to dig into the data I knew I had to watch film and after a while I came to realize Fantasy Football success comes from knowing the offensive schemes and how a player's talents will be used in an offense This is why as my Fantasy Football Book predicted Josh Allen flourished last year Think about this If all my Fantasy Football Almanac and Draft Guide did was tell you about one sleeper who is so far forgotten you could draft him and start him in the last round would it be worth it My readers who picked up J K Dobbins and Antonio Gibson in the middle rounds last year certainly think so Or if all this Fantasy Football Almanac and Draft Guide did was keep you from using your draft day picks on season long busts This is more than a fantasy football magazine It's a fantasy football scouting agency We blend next gen sports analytics with good old fashion film study I literally watch every single preseason game in order to properly calibrate this guide's rankings throughout the offseason That's right The Fantasy Football Almanac and Draft Guide comes with FREE updates You don't have to pay \$5 a month to access them If you buy the book we have you covered Included Within 300 detailed player writeups with three year statistical progression included Instructions on how to interact with Sean throughout the offseason Over half of the league has a new head coach or offensive coordinator How does this impact fantasy potential Sean's shares insights based on film study and statistical analysis to project the impact of new offensive schemes
