Sex Trafficking in the United States Andrea J. Nichols, 2016-08-23 Sex Trafficking in the United States is a unique exploration of the underlying dynamics of sex trafficking. This comprehensive volume examines the common risk factors for those who become victims and the barriers they face when they try to leave. It also looks at how and why sex traffickers enter the industry. A chapter on buyers presents what we know about their motivations, the prevalence of bought sex and criminal justice policies that target them. *Sex Trafficking in the United States* describes how the justice system activists and individuals can engage in advocating for victims of sex trafficking. It also offers recommendations for practice and policy and suggestions for cultural change. Andrea J. Nichols approaches sex trafficking related theories, research, policies and practice from neoliberal abolitionist, feminist, criminological and sociological perspectives. She confronts competing views of the relationship between pornography, prostitution and sex trafficking, as well as the contribution of weak social institutions and safety nets to the spread of sex trafficking. She also explores the link between identity based oppression, societal marginalization and the risk of victimization. She clearly accounts for the role of race, ethnicity, immigrant status, LGBTQ identities, age, sex and intellectual disability in heightening the risk of trafficking and how social services and the criminal justice and healthcare systems can best respond. This textbook is essential for understanding the mechanics of a pervasive industry and curbing its spread among at risk populations. How to Save Your Planet One Object at a Time Tara Shine, 2020-04-16 An unpreachy guide free of jargon and full of often surprising information. The Times Change starts at home. In the office Change starts with you. Your family. Your friends. Change starts with everyday things. One object at a time. Sometimes it can feel overwhelming thinking about all that needs to be done to save our planet. This book is the antidote to that feeling. Easy to read and easy to do here is all the information and inspiration you need to make a difference simply by making smart choices about everyday objects, tasks and habits. Environmental scientist Dr Tara Shine guides you from room to room and occasion to occasion with environmentally friendly solutions backed by science. From swapping bottled soap to bars to replacing cling film with a simple plate you will reduce your environmental footprint in an instant while saving money. This book busts persistent myths and will once and for all show that living sustainably can be both fun and convenient. Besides it will not only have a positive impact on the environment but your wellbeing too. Dr Tara Shine is an enlightened big picture thinker and with this book she shows that she is equally and delightfully adept at bringing details into focus. This book is all about realising the power you have as an individual by informing yourself, asking questions and making smart choices. By getting becoming active and joining the conversation you become empowered and you do something about the problem we face rather than feeling powerless in its presence.
