sound somewhat similar to each other and the speakers too rarely offer up surprising or engaging anecdotes The emphasis here is strongly on the work itself and the sociopolitical context that created the opportunity for such work There s great value in capturing that but the book might prove more enticing for general audiences with a greater emphasis on voice and storytelling Booklife Publisher s Weekly      **Mastering PageMaker 6 for Windows 95** Rebecca Bridges Altman,Rick Altman,1996 This comprehensive guide to PageMaker 6 covers all the new features of the program from Adobe and shows how users can maximize their time and minimize their effort with this new desktop publishing program Designed as a hands on tutorial that will benefit every level of user the book covers the basics of page layout as well as creating complex linked documents      **The Law Times** ,1878      *Business Communications* William C.
