A Preliminary Study of the Emotion of Love Between the Sexes Sanford Bell, 2012-08-17 The emotion of love between the sexes has as yet received no thorough scientific treatment. No writer so far as I can find has treated it from a genetic standpoint. The literature upon the subject is therefore meager. In his recent treatise upon The Psychology of the Emotions, Ribot, 2 remarks: The sex instinct, the last in chronological order with man and the higher animals, gives rise to the emotion of love with its numerous individual varieties. Most psychologists have been very sparing of details where it is concerned, and one might mention certain voluminous treatises which contain no mention of it. Is this through exaggerated delicacy? Or is it because the authors think that their place has been usurped by the novelists who have so obstinately confined themselves to the study of this passion?

didn't appreciate the weaknesses. No you will not Selene said patiently. You will not be their slave nor hurt them. You will cherish them in every way possible. Jedrek laughed menacingly upon hearing this. They didn't care about the resurrected of the beast once they crossed their territory with or without the guardian angel he would tear their body apart. I will be the last person they will see once I find them. He was referring to both the guardian angel and the demon. But the next voice from Selene was laced with mirth when she spoke. You will not hurt your mate.
