South Asian Buddhism A Survey:

South Asian Buddhism Stephen C. Berkwitz, 2012-12-06 South Asian Buddhism presents a comprehensive historical survey of the full range of Buddhist traditions throughout South Asia from the beginnings of the religion up to the present. Starting with narratives on the Buddha's life and foundational teachings from ancient India, the book proceeds to discuss the rise of Buddhist monastic organizations and texts among the early Mainstream Buddhist schools. It considers the origins and development of Mahayana Buddhism in South Asia, surveys the development of Buddhist Tantra in South Asia, and outlines developments in Buddhism as found in Sri Lanka and Nepal following the decline of the religion in India. Berkwitz also importantly considers the effects of colonialism and modernity on the revivals of Buddhism across South Asia in the nineteenth and twentieth centuries. South Asian Buddhism offers a broad yet detailed perspective on the history, culture, and thought of the various Buddhist traditions that developed in South Asia. Incorporating findings from the latest research on Buddhist texts and culture, this work provides a critical, historically based survey of South Asian Buddhism that will be useful for students, scholars, and general readers. **Routledge Handbook of South Asian Religions** Knut A.

Jacobsen, 2020-11-29 The Routledge Handbook of South Asian Religions presents critical research overviews and case studies on religion in historical South Asia in the seven nation states of contemporary South Asia: India, Pakistan, Bangladesh, Nepal, Bhutan, Sri Lanka, and the Maldives, and in the South Asian diaspora. Chapters by an international set of experts analyse formative developments, roots, changes, and transformations, religious practices and ideas, identities, relations, territorialisation, and globalisation in historical and contemporary South Asia. The Handbook is divided into two parts which first analyse historical South Asian religions and their developments, and second, contemporary South Asian religions that are influenced by both religious pluralism and their close connection to nation states and their ideological power. Contributors argue that religion has been used as a tool for creating nations, as well as majorities within those nations in South Asia, despite their enormous diversity in particular religious diversity. The Handbook explores these diversities and tensions, historical developments, and the present situation across religious traditions by utilising an array of approaches and from the point of view of various academic disciplines. Drawing together a remarkable collection of leading and emerging scholars, this handbook is an invaluable research tool and will be of interest to researchers and students in the fields of Asian religion, religion in context, and South Asian religions. An Introduction to Buddhism Peter Harvey, 2013 Extensively revised and updated, this book provides a comprehensive overview of the development of Buddhism in Asia and the West. **Asia Redux**

Prasenjit Duara, 2013-06-27 In the erudite essay that opens this forum, Prasenjit Duara turns to both indigenous thinkers and the premodern past for tools with which to think about Asia in a global age. Contemporary modalities of regional exchange, weakly bounded network-oriented pluralistic multitemporal chime with earlier patterns of cultural circulation without state domination, giving rise to a prophetic vision of Asia Redux. This attempt to capture the contours of a re-emergent region was

calculated to provide And what a debate it kicks off Wang Hui resolutely reframes imagining Asia as a political project on a world historical canvas Tansen Sen greatly complicates the map of intra Asian commercial exchange in earlier times Amitav Acharya outlines five competing conceptions of Asia in the domain of international relations alone Barbara Watson Andaya teases out the paradoxical way in which regional religions make clashing claims about Asian unity and Rudolf Mrazek asks what of the Asia that bleeds what of exploitation and its spawn the inglorious built ends of the global economy The reward for those who read this collection straight through is a thrillingly cacophonous conversation about how to grasp Asia in our time Karen E Wigen Stanford University Will a re emergent Asia extend the violent rivalries and inequalities of Western dominated empires nations and capital Or can Asia somehow draw on a relatively more peaceful past of maritime trade interlinked religions and circulations beyond states to think and make a very different sort of region and world Prasenjit Duara and his interlocutors define this vital debate on Asia s future through illuminating reflections on its recent and deep past A touchstone for anyone concerned with a future shape of an inter connected Asia newly possessed of wealth and power Engseng Ho Duke University

Sri Lanka at the Crossroads of History Zoltán Biedermann, Alan Strathern, 2017-06-07 The peoples of Sri Lanka have participated in far flung trading networks religious formations and Asian and European empires for millennia This interdisciplinary volume sets out to draw Sri Lanka into the field of Asian and Global History by showing how the latest wave of scholarship has explored the island as a crossroads a place defined by its openness to movement across the Indian Ocean Experts in the history archaeology literature and art of the island from c 500 BCE to c 1850 CE use Lankan material to explore a number of pressing scholarly debates They address these matters from their varied disciplinary perspectives and diverse array of sources critically assessing concepts such as ethnicity cosmopolitanism and localisation and elucidating the subtle ways in which the foreign may be resisted and embraced at the same time The individual chapters and the volume as a whole are a welcome addition to the history and historiography of Sri Lanka as well as studies of the Indian Ocean region kingship colonialism imperialism and early modernity

The Journal of Asian Studies ,1986

Women and Monastic Buddhism in Early South Asia Garima Kaushik, 2016-02-12 This book uses gender as a framework to offer unique insights into the socio cultural foundations of Buddhism Moving away from dominant discourses that discuss women as a single monolithic homogenous category thus rendering them invisible within the broader religious discourse this monograph examines their sustained role in the larger context of South Asian Buddhism and reaffirms their agency It highlights the multiple roles played by women as patrons practitioners lay and monastic members etc within Buddhism The volume also investigates the individual experiences of the members and their equations and relationships at different levels with the Samgha at large with their own respective Bhik u or Bhik un Sangha with the laity and with members of the same gender both lay and monastic It rereads reconfigures and reassesses historical data in order to arrive at a new understanding of Buddhism and the social matrix within which it developed and flourished Bringing

together archaeological epigraphic art historical literary as well as ethnographic data this volume will be of interest to researchers and scholars of Buddhism gender studies ancient Indian history religion and South Asian studies **The Oxford Handbook of Buddhist Practice** Paula Kane Robinson Arai, Kevin Trainor, 2022 Foregrounds the impact of embodiment in Buddhism Highlights the diversity and fluidity of Buddhist identities The most comprehensive available volume on Buddhist practice Book jacket **Buddhism and Buddhist Literature of South-East Asia** Peter Skilling, 2010-04 The twelve essays in this volume survey aspects of Buddhism and Buddhist literature in pre modern South East Asia and Thailand drawing on Pali and vernacular texts liturgy and inscriptions They discuss Theravadin conceptions of the Bodhisatta relations between Sanskrit and vernacular literature in Thailand and questions of the transmission and dissemination of Buddhist ideas and narratives through sermon and ceremony The texts studied are both products and agents in the intellectual and social world of South East Asian Buddhism Broader questions include the advent of Theravada Buddhism to South East Asia and the role of South East Asia in Buddhist studies **The British National Bibliography** Arthur James Wells, 2009 **Asian Studies** , 1975 The Pacific World , 2004 *Buddhist Studies Review* , 2008 **Changing Perspectives and Methodologies in South Asian Archaeology** Bijoy Kumar Choudhary, 2012 Papers presented at the seminar Changing Perspectives and Methodologies in South Asia Archaeology organised by K P Jayaswal Research Institute during 5-6 April 2008 **ABIA South and Southeast Asian Art and Archaeology Index** Ellen M. Raven, Helga I. Lasschuijt, 2002 Supplies annotated and indexed entries on publications in Asian and European languages relating to prehistory historical archaeology art history including modern art material culture epigraphy paleography numismatics and sigillography **South-East Asian Studies Newsletter** , **Bilingual journal of the École française d'Extrême-Orient** , 2003 European Newsletter of Southeast Asian Studies , 1998 *South Asian Studies* , 2001 **Pacific Affairs** , 1967 Includes book reviews and bibliographies
