Youtube Update Customer Service:

The Discourse of Customer Service Tweets Ursula Lutzky, 2021-10-21 The Discourse of Customer Service Tweets studies the discursive and pragmatic features of customer service interactions making use of a corpus of over 1.5 million tweets from more than thirty different companies. With Twitter being used as a professional service channel by many transport operators, this book features an empirical analysis of British and Irish train companies and airlines that provide updates and travel assistance on the platform often on a 24/7 basis. From managing crises in the midst of strike action to ensuring passengers feel comfortable on board, Twitter allows transport operators to communicate with their customers in real time. Analysing patterns of language use as well as platform specific features for their communicative functions, Ursula Lutzky enhances our understanding of customers' linguistic expectations on Twitter and of what makes for successful or unsuccessful interaction. Of interest to anyone researching discourse analysis, business communication and social media, this book's findings pave the way for practical applications in customer service.

Uses of Social Media in Public Transportation Susan Bregman, Transit Cooperative Research Program, 2012. TRB's Transit Cooperative Research Program TCRP Synthesis 99. *Uses of Social Media in Public Transportation* explores the use of social media among transit agencies and documents successful practices in the United States and Canada.

Advanced Marketing (Social Media Marketing) Dr. Anand Kore, 2023-08-01. Social Media Marketing within Advanced Marketing harnesses platforms like Facebook, Twitter and Instagram for brand promotion, engagement and advertising to reach and influence a broader online audience.

The Power of Customer Misbehavior M. Fisher, M. Abbott, 2013-11-01. To stay competitive, firms need to build great products but they also need to lend these products to the uses and misuses of their customers and learn extensively from them. This is the first book to explore the idea that allowing customers to adapt features in online products or services to suit their needs is the key to viral growth.

Tourist Destination Management Nazmi Kozak, Metin Kozak, 2019-04-27. This book provides a wide ranging overview of the current state of tourist destination management and presents important recent research in the field. Contemporary theoretical and methodological approaches to management and marketing are discussed and innovative practices with respect to both urban and rural destinations are described with the aid of many interesting case studies from across Europe and beyond. In addition, the volume addresses key issues such as governance, cooperation, the use of social media and sustainability. A variety of influences on tourism development are examined and efficient strategies for making destinations distinct are explored. The book will be a welcome addition and update to the existing literature and will be of interest to academics and practitioners alike.
