

3. Lay one foam piece you have cut on the floor and position your stilt on top. Line up a second foam piece on top of your stilt, like a sandwich, so the foam pieces match.
4. Now you are going to sew the foam together like you did with the crutches. Normal thread will cut through the foam. Again, use yarn to sew the foam together instead of thread. A simple tied knot at the ends of your yarn will just cut through the foam as well so you will need to secure the ends of your yarn with a large button. Use the yarn and large needle to attach the button to the foam so you can begin sewing. Refer back to page 5 for more detailed instructions if needed.
5. Use the same decorating technique as pages 6 - 7 and use an adhesive or thread to secure your fabric onto your foam. Decorate as you would like. I did the same of spray painting the bottom and hot gluing and draping the gauze fabric to the top. Repeat these instructions for both stilts and your legs will be complete.
